### NAME OF THE PROGRAMME

Ragging and Anti Ragging Awareness Program in and out of the college premises

Student's Gathering

**Report:** Meeting was held to create awareness among the students about Ragging and Anti-Ragging in the college premises and out. As a part of the Women Empowerment Cell, WEC has taken a step to prevent ragging in the college campus. The purpose of the meeting was to aware the students about the Anti-Ragging committee that existed in the college. The students also got aware of the punishments they would receive if they involve in any kind of ragging activities in or out of the college premises.

## Proposal for Awareness Program on Health and Hygiene

Government Degree College: Paderu

Academic year 2022 – 23

From  
The Course Coordinators  
Dept of English  
Govt Degree College  
Paderu

To  
The Principal  
Govt Degree College  
Paderu

Sir,

### Sub: Proposal for conducting an Awareness Program on Health and Hygiene

#### Awareness Program on Health and Hygiene for

B.A.,B.Sc.,B.Com. students of our college – Request regarding.

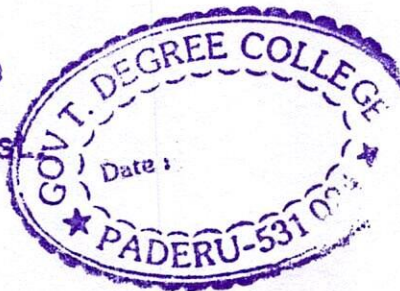

The Women Empowerment Cell of the GDC, Paderu is planning to conduct an Awareness Program on Health and Hygiene to the students of all groups choosing 150 among them. This program can create an awareness on Physical, Psychological and Emotional wellbeing of one self. And awareness on Hygiene that refers to good practices that prevent disease and lead to good health, especially cleanliness, proper disposal of wastewater etc.

In this regard we humbly request your esteemed self to conduct staff council meeting for discussing the syllabus and course outcomes.

Thanking You sir,

Yours  
Faithfully,  
WEC  
Gdc, Paderu.

## WORLD ENVIRONMENT DAY CELEBRATION

### DEPARTMENT OF BOTANY

**World Environment Day (WED)** is celebrated annually on June 5th and serves as a crucial platform for raising awareness and advocating for environmental protection. The celebration of **World Environment Day** holds immense significance for several reasons:

1. **Awareness:** **World Environment Day** helps to raise awareness about pressing environmental issues such as climate change, pollution, deforestation, and biodiversity loss among people worldwide. It educates individuals and communities about the importance of preserving and protecting the environment for present and future generations.
2. **Action:** The day encourages individuals, communities, governments, and organizations to take positive actions to address environmental challenges. It serves as a catalyst for collective action, inspiring people to participate in activities like tree planting, clean-up campaigns, and sustainable development initiatives.
3. **Global Collaboration:** **World Environment Day** promotes international cooperation and collaboration to tackle environmental issues on a global scale. It brings together governments, NGOs, businesses, and citizens from around the world to exchange ideas, share best practices, and work towards common environmental goals.
4. **Policy Advocacy:** The day provides an opportunity for policymakers and leaders to highlight the importance of environmental conservation and advocate for stronger environmental policies and regulations. It can influence decision-making processes at local, national, and international levels to promote sustainable development and environmental stewardship.
5. **Education:** **World Environment Day** is an excellent educational tool for promoting environmental literacy and fostering a deeper understanding of the interconnectedness between humans and the environment. It encourages environmental education initiatives in schools, universities, and communities to empower individuals with the knowledge and skills needed to become responsible environmental stewards.

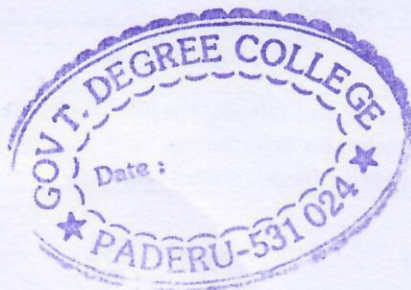

6. **Inspiration:** Celebrating **World Environment Day** inspires individuals and communities to adopt more sustainable lifestyles and consumption patterns. It encourages people to make environmentally conscious choices in their daily lives, such as reducing waste, conserving energy, and supporting eco-friendly practices.
7. **Long-term Impact:** While **World Environment Day** is celebrated annually, its impact extends beyond a single day. The awareness, actions, and commitments made on this day can lead to long-term positive changes in attitudes, behaviors, and policies towards the environment, ultimately contributing to a more sustainable and resilient planet.

In summary, the celebration of **World Environment Day** is important as it raises awareness, inspires action, promotes collaboration, advocates for policy change, fosters education, inspires individuals, and generates long-term positive impacts for the environment and society as a whole.

## WORLD ENVIRONMENT DAY CELEBRATION

### DEPARTMENT OF BOTANY

#### Report

Celebrating World Environment Day offers several benefits to students, empowering them to become responsible global citizens and environmental stewards:

1. **Environmental Awareness:** Participation in World Environment Day activities raises students' awareness about pressing environmental issues such as climate change, pollution, biodiversity loss, and resource depletion. It helps them understand the interconnectedness between human actions and the health of the planet.
2. **Hands-On Learning:** Engaging in environmental activities, such as tree planting, clean-up campaigns, and recycling initiatives, provides students with hands-on learning experiences. These activities allow students to apply classroom knowledge in real-world contexts, fostering a deeper understanding of environmental concepts and solutions.
3. **Critical Thinking and Problem-Solving Skills:** World Environment Day activities encourage students to analyze environmental challenges critically and develop innovative solutions. They learn to identify environmental problems, assess their causes and impacts, and brainstorm effective strategies for mitigation and adaptation.
4. **Sense of Responsibility:** Celebrating World Environment Day instills a sense of responsibility and accountability in students towards the environment. It encourages them to reflect on their

ecological footprint and adopt sustainable practices in their daily lives, such as reducing waste, conserving resources, and promoting biodiversity conservation.

5. **Empowerment and Advocacy:** World Environment Day empowers students to advocate for environmental protection and sustainability within their communities and beyond. It provides them with a platform to voice their concerns, raise awareness, and mobilize others to take action on environmental issues through campaigns, events, and educational initiatives.
6. **Interdisciplinary Learning:** World Environment Day promotes interdisciplinary learning by integrating various subjects such as science, geography, social studies, and economics into environmental education. It encourages students to explore the complex relationships between the environment, society, economy, and culture, fostering a holistic understanding of sustainability.
7. **Civic Engagement and Leadership Development:** Participating in World Environment Day activities cultivates students' civic engagement and leadership skills. It encourages them to take initiative, collaborate with peers, and assume leadership roles in organizing and implementing environmental projects and campaigns in their schools and communities.
8. **Global Citizenship:** World Environment Day fosters a sense of global citizenship among students by highlighting the interconnectedness of environmental issues across borders and cultures. It encourages them to recognize their role as global citizens and take collective action to address shared environmental challenges on a local, national, and global scale.

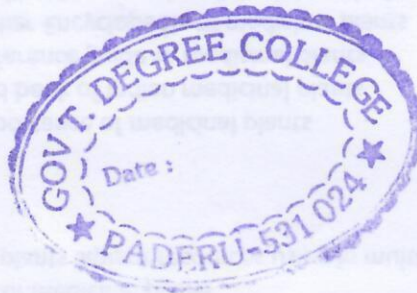

Overall, celebrating World Environment Day benefits students by enhancing their environmental awareness, fostering critical thinking and problem-solving skills, promoting a sense of responsibility and empowerment, fostering interdisciplinary learning, nurturing civic engagement and leadership development, and cultivating a sense of global citizenship. These benefits contribute to students' personal growth, academic achievement, and their ability to make positive contributions to environmental sustainability and social change.

**Conclusion:** The grand success of this year for science day celebrations is due to the active role played by the organizing committee members and the team work of the ever supporting staff and students of this college to conduct world environment day. Govt degree college, Paderu always devote to generate scientific temper in the society and encourage the students to take up science as their future.

# National science day celebrations on 28-02-2023

## Department of Botany

### Brief report

**ACTIVITY:** National science day

**DATE:** 28-02-2023

**ORGANISED BY:** Dept. of Botany.

**No. of PARTICIPANTS:** 150

### Introduction:

National Science Day is celebrated in many countries, including India, to mark the discovery of the Raman Effect by the Indian physicist Sir C.V. Raman on February 28, 1928. The significance of National Science Day lies in its aim to promote scientific thinking and appreciation for science and technology among people, especially students and the general public.

Here are some key reasons why National Science Day is important:

**1.Promotion of Scientific Temper:** National Science Day encourages the development of a scientific temper among individuals. It emphasizes critical thinking, rationality, and evidence-based decision-making, which are essential for societal progress.

**2.Celebration of Scientific Achievements:** It serves as a platform to celebrate significant contributions made by scientists, researchers, and innovators. Recognizing and honoring their achievements inspires others to pursue careers in science and technology.

**3.Educational Outreach:** National Science Day facilitates educational outreach programs aimed at students and the public. It provides opportunities for science exhibitions, lectures, demonstrations, and workshops, fostering a deeper understanding of scientific concepts and principles.

**4.Stimulating Curiosity:** The day encourages curiosity and inquiry-driven learning. By showcasing the wonders of science through various activities and events, it motivates people to explore the world around them and ask questions about how things work.

**5.Promoting Innovation and Research:** National Science Day highlights the importance of research and innovation in addressing societal challenges and driving economic growth. It encourages investment in science and technology infrastructure and promotes collaborations between academia, industry, and government.

**6.Inspiring Future Generations:** By commemorating the achievements of scientists, National Science Day inspires young minds to pursue careers in science, technology, engineering, and mathematics (STEM). It plays a crucial role in nurturing the next generation of innovators and problem solvers.

**7.Creating Awareness:** National Science Day raises awareness about the role of science and technology in addressing global issues such as climate change, healthcare, energy, and sustainable development. It underscores the need for evidence-based policies and public support

### **For scientific research.**

Overall, National Science Day serves as a reminder of the transformative power of science and the importance of fostering a scientific culture in society. It encourages collaboration, curiosity, and innovation, ultimately contributing to the advancement of knowledge and the betterment of humanity.

National Science Day is celebrated to spread a message about the importance of science used in the daily life of the people. To display all the activities, efforts and achievements in the field of science for human welfare. It is celebrated to discuss all the issues and implement new technologies for the development.

On 28-02-2023, Science day was celebrated in Government degree college, Paderu by Department of Botany. On that day many competitions like Art, quiz, model preparation etc.,are conducted in the college premises and all the Teachers and Students belonging to Science department took part in their respective roles and made the day Successful. Also seminars are being conducted to develop an awareness programme to the students and all those who participated in it.

## **Department of Botany**

# **National science day celebrations on 28-02-2023**

## **REPORT**

### **Detail report on National Science day**

#### **Importance of Science day:**

National Science Day in India is celebrated annually on February 28 to commemorate the discovery of "Raman Effect" by Indian physicist Sir Chandrasekhara Venkata Raman (C.V. Raman). The occasion also serves as a platform to appreciate and raise public awareness about the contributions of our scientific community toward the development of our nation.

#### **Objectives:**

Some of the prominent objectives of National Science Day celebrations can be seen as follows:

- Spreading the message of the importance of science and its application in daily life.
- To encourage the youth to engage in scientific activities and consider careers in science and technology
- Inculcating scientific temper and fostering a culture of innovation among the general public.

**Theme for National science day 2023:** The theme of National Science Day this year is '**Global Science for Global Wellbeing**'. The theme indicates India's emerging global role and rising visibility in the international arena.

#### **Celebrations in GDC,PADERU:**

On Science day, different activities were being performed Such as a drawing competition on National Science day 2023 theme, awareness program by the lectures, quiz competition, teaching aids preparation by students (Models) and Debate.

**Awareness program:** Botany Department has conducted an awareness program and all the lectures and students of Ist, IInd and IIIrd years had actively participated in it. All the lectures had given their opinions on Science day, developing technology in our country, Contribution of our Scientist and so on. Even the students had also spoke about different topics on Science.

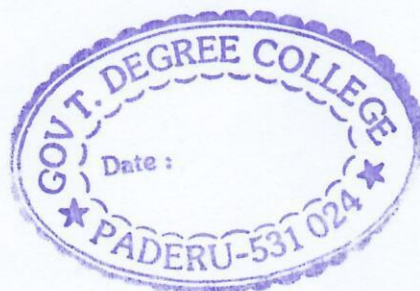

**Quiz Competition:** Quiz competition was conducted among the students on the occasion of Science day. Students were divided into four teams and were made to answer the given question orally. The team which got the highest points were awarded with a gift.

**Debates:** A debate is to discuss an issue or topic. A debate on topic Global warming was discussed between two groups of students and teachers also joined with students and took part in the debate.

**Teaching aids:** Teaching aids include Charts, models, and the things to make the students understand a concept easily and visually. Students of Science departments prepared models and charts on topics such as Human anatomy, Photosynthesis, mixed culture, Corona virus, Development of Human embryo etc.

**Conclusion:** The grand success of this year for science day celebrations is due to the active role played by the organizing committee members and the team work of the ever supporting staff and students of this college Inspired by Sir C.V Raman .Govt degree college ,paderu always devote to generate scientific temper in the society and encourage the students to take up science as their future.

## DEPARTMENT OF BOTANY

### WORLD FOREST DAY

#### BRIEF REPORT

**ACTIVITY:** WORLD FOREST DAY

**DATE:** 21<sup>st</sup> MARCH, 2023

**ORGANIZED BY:** DEPT.OF. BOTANY

**NO. OF PARTICIPANTS:** 82

#### INTRODUCTION:

World Forest Day is commemorated annually on March 21<sup>st</sup>, serving as a global reminder of the ongoing fight against deforestation. The day aims to raise awareness, commemorate those who have led to deforestation, and show solidarity with people living in forest areas.

**THEME:** The theme for WORLD FOREST Day 2023 was "FOREST AND HEALTH".

#### GLOBAL OVERVIEW:

March 21<sup>st</sup> is observed as International Day of Forests or World Forestry Day worldwide to increase awareness about the importance of forests, woodlands, and trees in our lives.

#### PREVENTION:

Reforestation and Afforestation. Check over Forest Clearance for Agricultural and Habitation Purposes. Protection of Forests from several forest diseases by use of chemical spray, antibiotics or by the development of disease-resistant strains of trees. Proper Utilisation of Forest and Forests Products.

## DEPARTMENT OF BOTANY

### WORLD FOREST DAY Report

#### QUOTATIONS / SLOGANS:

1. The clearest way into the Universe is through a forest wilderness.
2. "Ancient trees are precious. ...
3. "In nature, nothing is perfect and everything is perfect. ...
4. "The care of the Earth is our most ancient and most worthy, and after all, our most pleasing responsibility." ....
5. "The best time to plant a tree was 20 years ago. ...
6. "Trees are poems that the earth writes upon the sky."

#### ADVANTAGES FOR STUDENTS ABOUT WORLD FOREST DAY

1. It provides an opportunity to delve into the captivating realm of forests and understand their significance in maintaining the delicate balance of our ecosystem. This day encourages us to appreciate the multitude of benefits that forests offer and to raise awareness about their conservation.
2. The celebration serves as a global platform to highlight the role of forests in supporting life on Earth and the need for sustainable forest management. Each year, a specific theme is chosen to focus on a particular aspect of forest conservation.
3. The ecological significance of forests is particularly crucial in the present-day context due to a variety of environmental challenges and global issues.

#### CONCLUSION:

The day serves as reminder of the vital role that forests play in our daily lives as these are home to all forms of wildlife and provide sustenance to communities across the world.

The poster features a vibrant blue and green background with scientific motifs. At the top left is the Government of Andhra Pradesh emblem, and at the top right is the college's logo. The central text is arranged in a hierarchical manner, starting with the college name in a large, curved font, followed by 'NATIONAL SCIENCE DAY' in bold yellow and green letters. Below this, 'DEPARTMENT OF SCIENCES' is written in large green block letters. The word 'INVITATION' is in pink, followed by an invitation message in a cursive font. The event title 'NATIONAL SCIENCE DAY' is in large blue and red letters, with the date 'On 28<sup>th</sup> FEBRUARY- 2022' below it. A grid of nine faculty members' names and departments follows, and the venue is stated at the bottom.

## DEPARTMENT OF Botany

### BRIEF REPORT

**ACTIVITY:** National Science Day

**DATE:** 02<sup>th</sup> February, 2022

**ORGANIZED BY:** DEPT.OF BOTANY

**NO.OF PARTICIPANTS:** 134

#### **INTRODUCTION:**

National Science Day is celebrated in many countries, including India, to mark the discovery of the Raman Effect by the Indian physicist Sir C.V. Raman on February 28, 1928. The significance of National Science Day lies in its aim to promote scientific thinking and appreciation for science and technology among people, especially students and the general public. Here are some key reasons why National Science Day is important:

1. **Promotion of Scientific Temper:** National Science Day encourages the development of a scientific temper among individuals. It emphasizes critical thinking, rationality, and evidence-based decision-making, which are essential for societal progress.
2. **Celebration of Scientific Achievements:** It serves as a platform to celebrate significant contributions made by scientists, researchers, and innovators. Recognizing and honoring their achievements inspires others to pursue careers in science and technology.
3. **Educational Outreach:** National Science Day facilitates educational outreach programs aimed at students and the public. It provides opportunities for science exhibitions, lectures, demonstrations, and workshops, fostering a deeper understanding of scientific concepts and principles.

Academic Year with details: Green champion Award certificate.

## PART-B

1. No. of Programmes Offered by the College

| Year                 | 2021-22 | List of Programmes | 2022-23 | List of Programmes |
|----------------------|---------|--------------------|---------|--------------------|
| Number of Programmes |         |                    |         |                    |

2. No of Value Added Courses introduced (last two years)

| Year                | 2020-21 | List of Courses | 2021-22 | List of Courses |
|---------------------|---------|-----------------|---------|-----------------|
| Value Added courses |         |                 |         |                 |

3. Details of teaching faculty 2021-22

| No of posts | Sanctioned | Working | Vacancies |
|-------------|------------|---------|-----------|
| Regular     |            |         |           |
| PTL         |            |         |           |
| Contract    |            |         |           |
| Guest       |            |         |           |
| Total       |            |         |           |

4. Qualifications of teaching staff

| Teaching Staff | PG | M. Phil | Ph.D | NET/SET |
|----------------|----|---------|------|---------|
| Regular        |    |         |      |         |
| PTL            |    |         |      |         |
| Contract       |    |         |      |         |

4. **Stimulating Curiosity:** The day encourages curiosity and inquiry-driven learning. By showcasing the wonders of science through various activities and events, it motivates people to explore the world around them and ask questions about how things work.
5. **Promoting Innovation and Research:** National Science Day highlights the importance of research and innovation in addressing societal challenges and driving economic growth. It encourages investment in science and technology infrastructure and promotes collaborations between academia, industry, and government.
6. **Inspiring Future Generations:** By commemorating the achievements of scientists, National Science Day inspires young minds to pursue careers in science, technology, engineering, and mathematics (STEM). It plays a crucial role in nurturing the next generation of innovators and problem solvers.
7. **Creating Awareness:** National Science Day raises awareness about the role of science and technology in addressing global issues such as climate change, healthcare, energy, and sustainable development. It underscores the need for evidence-based policies and public support for scientific research.

Overall, National Science Day serves as a reminder of the transformative power of science and the importance of fostering a scientific culture in society. It encourages collaboration, curiosity, and innovation, ultimately contributing to the advancement of knowledge and the betterment of humanity.

National Science Day is **celebrated to spread a message about the importance of science used in the daily life of the people. To display all the activities, efforts and achievements in the field of science for human welfare.** It is celebrated to discuss all the issues and implement new technologies for the development.

### **Brief Report on National Science Day**

Every year on the 28th of February, India celebrates National Science Day. While this day is observed to inspire and encourage youth to develop an interest in science, National Science Day commemorates the discovery of the 'Raman Effect' by the Nobel laureate and scientist CV Raman.

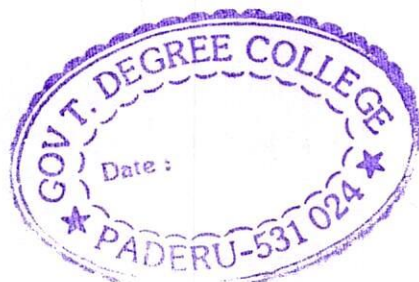

The celebrations for this day take various forms. On one hand, the Government of India felicitates scientists who have contributed to the field of science, thus marking the anniversary of the 'Raman Effect'. And on the other hand students from across the country demonstrate science projects.

It is celebrated to discuss all the issues and implement new technologies for the development in the field of science. To give an opportunity to the scientific minded citizens in India. To encourage the people as well as popularize science and technology.

**The theme for National Science Day, NSD 2023 is 'Global Science for Global Wellbeing'.**

The grand success of this science week for science day celebrations is due to the active role played by the organizing committee members and the team work of the ever supporting staff and students of this college. Inspired by the feeling of Sir C.V Raman that if the women of India take to science they can achieve anything, Govt degree college Paderu always devote to generate scientific temper in the society and encourage the women students to take up science as their future.

23-12-2023

### Department of Commerce

#### Brief report

ACTIVITY: National Consumers Day

DATE : 23-12-2023

ORGANISED BY: Dept of Commerce

NO.OF PARTICIPANTS: 68

#### Introduction:

National Consumers Day is observed in many countries around the world to raise awareness about consumer rights and responsibilities. In India , National Consumers Day is celebrated on December 24<sup>th</sup> Every year. This day marks the enactment of the Consumer Protection Act, 1986, Which aims to protect the rights of consumers in India .

On National Consumers Day , various activities are organized by consumer organizations, government agencies, and non-government organizations to educate consumers about their rights, empower them to make informed choice, and highlight the importance of protection laws.

The day serves as a reminder for consumer to be vigilant about their rights, to demand fair treatment from businesses , and to take action against any unfair or deceptive practices. It also encourages businesses to uphold ethical standard and provide quality products and services to consumer.

**National Consumers Day Celebration On**

**23-12-2023**

**Details report on National Consumers Day**

National Consumers Day is observed in many countries around world to promote awareness about consumer rights and responsibilities .in India , National Consumers day is celebrated on December 24<sup>th</sup> each year. The day holds significance as it marks the enactment of the Consumer Protection Act, 1986, which aimed to safeguard consumer rights and ensure fair trade practice.

Here's a detailed report on National Consumers Day in India

**Title: Celebrating Consumer Rights: A Report on National Consumers Day**

**Introduction:**

National Consumers Day in India is a testament to the nation's commitment to protecting consumer rights and promoting consumer awareness. it serves as a reminder of the importance of consumer empowerment and fair-trade practice in a rapidly evolving marketplace.

**Historical Background:**

National Consumer Day is celebrated on December 24<sup>th</sup> to commemorate the enactment of the consumer protection Act, 1930. This landmark legislation was a significant milestone in India's consumer protection frame work, aiming to safeguard consumer interest and ensure the availability of fair, accessible, and efficient redresses mechanisms.

**Theme of the Year:**

Each year, National Consumer Day adopts a specific theme to focus attention on emerging consumer issues and challenges. The theme of this year was " **Empowering consumers through clean energy transition**": Emerging Trends and Challenges." This theme highlights the growing significance of digital platform in commerce and the need to ensure consumer rights in the digital realm.

## Events and Activities:

**1.Awareness Campaigns:** Various government agencies, consumer organizations, and non-governmental organizations(NGOS) conducted awareness campaigns across the country to educate consumers about their rights and responsibilities. These campaigns utilized various medium such as seminars, workshops, social media, and print media to reach a wide audience.

**2.Workshops and Seminars:** Educational workshops and seminar were organized at school, colleges, and community centers to impart knowledge about consumer rights, product quality, misleading advertisements, and legal redressal mechanisms. Experts from legal, consumer affairs, and business sectors were invited to share insights and address consumer queries.

**3.Consumer Rights Clinics:** Special consumer rights clinics were setup in collaboration with legal and organizations to provide free legal advice and assistance to consumers facing disputes or grievances. These clinics served as valuable resources for consumers seeking guidance on navigating the legal system and asserting their rights effectively.

**4.Interactive Sessions:** Interactive session were conducted between consumers, business, and regulatory authorities to foster dialogue and collaboration in addressing consumer concerns. These sessions facilitated constructive exchanges of ideas and experiences, paving the way for improved consumer-business relations and regulatory enforcement.

**5.Online Campaigns:** In recognition of the growing influence of digital platforms in consumer transactions, online campaigns were launched to raise awareness about digital consumer rights, online frauds, data privacy, and cyber security. These campaigns utilized social media platforms, webinars, and online forums.

## CONCLUSION

National Consumers Day serves as a vital platform for promoting consumer awareness, empowerment, and advocacy in India. By commemorating the enhancement of the Consumer Protection Act & highlighting contemporary consumer issues, this day reaffirms the Nations commitment to protecting consumer rights and fostering a fair and transparent market place, moving forward, Sustained efforts are essential to address evolving challenges such as., Digital Consumer Protection and ensure that consumer rights remain at the forefront of policy making and enforcement initiatives.

## DEPARTMENT OF ZOOLOGY

### BRIEF REPORT

**ACTIVITY:** DEWORMING DAY

**DATE:** 10<sup>th</sup> FEBRUARY, 2023

**ORGANIZED BY:** DEPT.OF ZOOLOGY & NSS

**NO.OF PARTICIPANTS:** 142

#### **INTRODUCTION:**

Department of Zoology and NSS organized Deworming day to create awareness on worms and its diseases. Health department distributed Albendazole tablets to students.

The primary objective of Deworming Day is to reduce the burden of parasitic infections, improve overall health, and enhance the well-being of the targeted population. By administering safe and effective deworming medications, the initiative aims to break the cycle of transmission and protect individuals, especially children, from the adverse effects of parasitic infections.

#### **OBJECTIVES:**

The primary objective of Deworming Day is to reduce the burden of parasitic infections, improve overall health, and enhance the well-being of the targeted population. By administering safe and effective deworming medications, the initiative aims to break the cycle of transmission and protect individuals, especially children, from the adverse effects of parasitic infections.

**THEME:** Reduce the burden of STH infection and make improvements in the health sector of the children.

**PLANNING & COORDINATION:** Local health authorities collaborate with educational institutions, community leaders, and other stakeholders to plan and coordinate Deworming Day activities. Adequate

supplies of deworming medications are procured, and healthcare professionals are trained to administer the drugs safely.

### **AWARENESS CAMPAIGN:**

Prior to Deworming Day, extensive awareness campaigns are conducted to inform the community about the importance of deworming and the benefits it offers. On the designated day, trained healthcare professionals visit College and to administer deworming medications to eligible individuals.

### **HEALTH IMPROVEMENT:**

Deworming helps reduce the burden of parasitic infections, leading to improved health and well-being. Children who receive deworming treatment may experience better physical and cognitive development.

### **QUOTATIONS / SLOGANS:**

Use sanitary toilets.

Do not defecate outside.

Properly wash hands mainly before eating and after using the toilets.

Wear slippers and shoes.

Wash fruits and vegetables properly in safe and clean water.

Eat properly cooked food.

### **CONCLUSION:**

Deworming Day is a crucial public health intervention that contributes to the overall well-being of communities, especially in regions where parasitic infections are prevalent. By addressing the root causes and providing preventive measures, Deworming Day plays a vital role in breaking the cycle of transmission and improving the health outcomes of vulnerable populations. Continued support, collaboration, and awareness are essential to sustaining the impact of deworming programs and promoting a healthier future for all.

## DEPARTMENT OF ZOOLOGY

### BRIEF REPORT

**ACTIVITY:** NUTRITION DAY

**DATE:** 21<sup>st</sup> NOVEMBER, 2023

**ORGANIZED BY:** DEPT.OF ZOOLOGY & NSS

**NO.OF PARTICIPANTS:** 178

#### **INTRODUCTION:**

Nutrition Day is an annual event celebrated worldwide to raise awareness about the importance of maintaining a healthy and balanced diet for overall well-being. The day serves as a platform to educate communities, individuals, and organizations about the significance of good nutrition in preventing various health issues and promoting a healthier lifestyle.

**THEME:** 'Nutrition-rich, educated and empowered India'.

#### **NUTRITIONAL WORKSHOP:**

Various workshops were organized to provide practical knowledge on nutrition, covering topics such as meal planning, understanding food labels, and incorporating a variety of nutrient-rich foods into daily diets. Nutrition experts and dietitians were invited to share their insights and answer questions from the participants.

#### **HEALTH SCREENING:**

Many Nutrition Day events included health screenings to assess participants' nutritional status. Measurements such as body mass index (BMI), blood pressure, and cholesterol levels were taken to identify potential health risks associated with poor nutrition. Encourage the students to intake of seasonal, nutrient-dense fruits and vegetables.

**QUOTATIONS / SLOGANS:** Eat good, feel good, look Good

Don't live for eating BUT eat for living

Taste the nutrition

Eat More Greens

Get yourself high with nutrition

Health is life, treat it good

**CONCLUSION:** Nutrition Day serves as a crucial reminder of the importance of making informed dietary choices for a healthier and more fulfilling life. The activities and events conducted on this day contribute to the ongoing effort to address the global health challenges associated with malnutrition, obesity, and other nutrition-related issues. By fostering awareness and education, Nutrition Day plays a vital role in promoting positive changes in individuals' lifestyles and fostering a culture of good nutrition within communities.

## DEPARTMENT OF ZOOLOGY

### BRIEF REPORT

**ACTIVITY:** WORLD AIDS DAY

**DATE:** 01<sup>st</sup> DECEMBER, 2023

**ORGANIZED BY:** DEPT.OF ZOOLOGY & NSS

**NO.OF PARTICIPANTS:** 182

#### **INTRODUCTION:**

World AIDS/HIV Day is commemorated annually on December 1st, serving as a global reminder of the ongoing fight against HIV/AIDS. The day aims to raise awareness, commemorate those who have lost their lives to the disease, and show solidarity with people living with HIV.

**THEME:** The theme for World AIDS/HIV Day 2023 was “Let Communities lead”.

#### **GLOBAL OVERVIEW:**

Provide a snapshot of the current global situation regarding HIV/AIDS. Include statistics on the number of people living with HIV, new infections, and advancements in treatment and prevention.

#### **TREATMENT AND PREVENTION:**

Discuss recent developments in HIV/AIDS treatment, antiretroviral therapy (ART), and advancements in prevention methods. Highlight efforts to improve access to medication and healthcare services for those affected by the virus.

## **COMMUNITY SERVICE & ADVOCACY:**

Emphasize the importance of community support networks and advocacy groups in addressing the stigma associated with HIV/AIDS. Showcase examples of successful community-led initiatives and campaigns that contribute to destigmatizing the disease.

**INTEGRATION WITH OTHER HEALTH INITIATIVES:** Highlight efforts to integrate HIV/AIDS programs with broader health initiatives, emphasizing the interconnectedness of various health issues and the importance of a holistic approach to healthcare.

**CALL TO ACTION:** Encourage continued global collaboration, increased funding, and sustained efforts to achieve the UNAIDS targets for ending the AIDS epidemic by 2030. Stress the importance of individual responsibility, government commitment, and international cooperation in the fight against HIV/AIDS.

## **QUOTATIONS / SLOGANS:**

HIV/AIDS has no boundaries.

Hate AIDS, not the people having it. HIV/AIDS is a disease with stigma.

You have so much power to bring awareness, prevention and change.

Let us join hands to end AIDS/HIV.

Small efforts can make a big difference.... End AIDS/HIV.

You can defeat AIDS/HIV with your actions.

## **CONCLUSION:**

Summarize the key points discussed in the report, underlining the significance of World AIDS/HIV Day as a catalyst for awareness, education, and collective action. Reiterate the commitment needed from individuals, communities, and nations to create a world free from the impact of HIV/AIDS.

## DEPARTMENT OF ZOOLOGY

### BRIEF REPORT

**ACTIVITY:** WORLD ANIMAL DAY

**DATE:** 04<sup>th</sup> OCTOBER, 2023

**ORGANIZED BY:** DEPT.OF ZOOLOGY

**NO.OF PARTICIPANTS:** 134

**INTRODUCTION:** World Animal Day is celebrated annually on October 4th to raise awareness about animal rights and welfare worldwide. This day serves as a platform for advocating for the protection of animals and highlighting the importance of their well-being.

**THEME:** "Great or Small, Love Them All".

#### **HISTORY:**

World Animal Day was established in 1931 by a group of ecologists in Florence, Italy, at a convention of ecologists. They chose October 4th as the date because it is the feast day of St. Francis of Assisi, the patron saint of animals. St. Francis was known for his love and care for all creatures, and his teachings inspired the establishment of this day.

**PURPOSE:** The primary purpose of World Animal Day is to promote awareness and action for the welfare and rights of animals globally. It aims to highlight issues such as animal cruelty, endangered species conservation, habitat destruction, and the importance of humane treatment of animals in agriculture, research, and entertainment industries.

**CELEBRATIONS & ACTIVITIES:** World Animal Day is celebrated in various ways across different countries and communities. Some common activities include:

- Organizations and individuals organize campaigns to educate the public about animal welfare issues and advocate for policy changes to protect animals.

- Many animal welfare organizations use this day to raise funds for their projects and initiatives aimed at helping animals in need.
- Animal shelters and rescue organizations often hold adoption events to encourage people to provide loving homes to abandoned or stray animals.
- Local communities may organize events such as pet parades, wildlife tours, and educational workshops to engage people of all ages in learning about and appreciating animals.
- Individuals and groups may volunteer their time at animal shelters, wildlife sanctuaries, or conservation projects to provide care and support for animals in need.

### **QUOTATIONS / SLOGANS:**

- "Protect, Respect, and Celebrate: World Animal Day Every Day!"
- "Raise Your Voice for Those Without: Support World Animal Day!"
- "Paws for a Cause: Celebrate World Animal Day!"
- "Love, Respect, and Protect: World Animal Day Advocates Unite!"
- "Fur-Ever Friends: Support World Animal Day!"

### **CONCLUSION:**

World Animal Day serves as a crucial reminder of our responsibility to care for and protect animals. By working together and advocating for their rights, we can create a better world for all living beings. As we celebrate World Animal Day each year, let us renew our commitment to respecting and cherishing the precious gift of life in all its forms.

## CLEAN AND GREEN CAMPUS INITIATIVES -2018 -19

### Plastic Removal Drive at GDC Paderu (23-06-2018)

Students and staff of Government Degree College (GDC), Paderu, conducted a comprehensive plastic removal drive on the college campus. This initiative aimed to enhance environmental awareness and promote cleanliness. The event commenced at 9:00 AM with a brief speech by the Principal, highlighting the adverse effects of plastic pollution and the importance of maintaining a plastic-free environment.

Students collect and remove plastic from the college campus

Armed with gloves and collection bags, participants enthusiastically scoured the campus, picking up plastic waste such as bottles, bags, and wrappers. The collected plastic was then segregated for proper disposal and recycling. The event witnessed active participation from over 200 students and 25 staff members, reflecting the collective commitment to sustainability and ecological responsibility.

The drive concluded with a pledge to minimize plastic usage and to organize regular clean-up activities. The effort not only cleaned the campus but also instilled a sense of environmental stewardship among the participants.

### Cleaning of College Ground by GDC Paderu (21-07-2018)

Students clean the college ground

The students and staff of Government Degree College (GDC), Paderu, recently conducted a comprehensive cleaning drive on the college ground. The event began with an inspiring address by the Principal, emphasizing the significance of maintaining a clean and green environment.

Participants, equipped with brooms, gloves, and garbage bags, enthusiastically worked together to clear the ground of litter and overgrown weeds. The team focused on collecting and properly disposing of all waste materials, ensuring the ground was left spotless.

Students clean the college ground

This collaborative effort not only enhanced the visual appeal of the college grounds but also instilled a strong sense of environmental responsibility among everyone involved. The drive concluded with a collective pledge to uphold the cleanliness of the campus and to organize similar activities in the future. This initiative demonstrated GDC Paderu's dedication to fostering a sustainable and hygienic educational environment.

### Clean and Green Initiative at GDC Paderu(24-11-2018)

The students and NSS volunteers of Government Degree College (GDC), Paderu, recently embarked on a "Clean and Green" initiative to enhance the environmental quality of the campus. The event commenced with an inspiring speech by the Principal, highlighting the importance of a clean and green environment for a healthy learning atmosphere.

Armed with cleaning tools and gardening equipment, the participants enthusiastically engaged in various activities. They meticulously cleared litter from the college grounds, pruned overgrown shrubs, and planted new saplings to promote greenery. Waste materials were collected and segregated for proper disposal.

The initiative not only beautified the campus but also fostered a sense of environmental stewardship among the participants. The event concluded with a pledge to maintain the cleanliness and greenery of the campus through regular efforts. This activity showcased the commitment of GDC Paderu's students and NSS volunteers to creating a sustainable and eco-friendly educational environment.

### Plantation Drive at GDC Paderu (16-02-2019)

Government Degree College (GDC), Paderu, organized a successful plantation drive aimed at enhancing the campus's greenery and promoting environmental awareness. The event saw active participation from the college Principal, Vice Principal Dr appa rao , and Rasool Garu, along with staff and students.

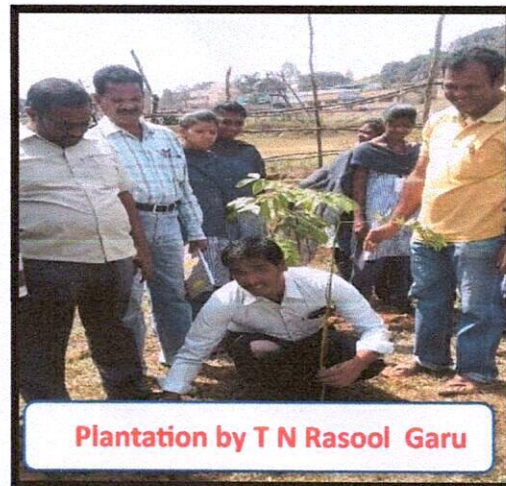

**Plantation by Appa Rao principal**

The program began with an inspiring address by the Principal, emphasizing the importance of tree planting for ecological balance and a healthier environment. Following the Principal's speech, Vice Principal Krishna Garu and Rasool Garu also shared their insights on the benefits of a green campus and encouraged everyone to contribute actively.

Participants, including students and staff, then proceeded to designated areas on the campus to plant a variety of saplings. Equipped with necessary tools and guided by experienced staff, they worked together to ensure the proper planting and initial care of each sapling. The saplings chosen were native species, known for their adaptability and environmental benefits.

Throughout the drive, there was a palpable sense of community and collective responsibility. The event concluded with a commitment from all participants to regularly care for the newly planted trees, ensuring their growth and survival.

**Plantation by T N Rasool Garu**

This plantation drive not only beautified the college campus but also instilled a deeper sense of environmental stewardship among the participants. It was a significant step towards creating a greener, more sustainable educational environment at GDC Paderu.

## CLEAN AND GREEN CAMPUS INITIATIVES -2019 -20

### Clean and Green Drive at GDC Paderu (05-06-2019)

In a vibrant effort to enhance their campus, GDC Paderu students embarked on a "Clean and Green" drive, transforming the college grounds into a sanctuary of sustainability. Guided by the enthusiasm of both staff and students, the initiative saw litter collected, overgrown shrubs pruned, and new saplings planted. The campus buzzed with energy as participants worked hand-in-hand, nurturing the environment and fostering a sense of community. This drive not only beautified the surroundings but also instilled a lasting commitment to ecological care among the students, ensuring a greener, cleaner future for GDC Paderu.

### Plastic Removal Drive at GDC Paderu (19-10-2019)

Government Degree College (GDC), Paderu, conducted a plastic removal drive to promote environmental cleanliness and sustainability. The event saw enthusiastic participation from NSS Program Officer Gowrisankar, Vice Principal TN Rasool, Commerce Lecturer Sankara Rao Garu, and numerous students.

Students remove the plastic by supervision of T N Rasool Garu vice principal and NSS PO Gowri Sankar Garu

The initiative began with an address by NSS Program Officer Gowrisankar, who highlighted the detrimental effects of plastic pollution on the environment and the importance of maintaining a plastic-free campus. Following this, Vice Principal TN Rasool and Commerce Lecturer Sankara Ravu Garu also emphasized the need for collective action in preserving the environment.

Participants were provided with gloves and collection bags, and they systematically covered the entire campus, picking up plastic waste such as bottles, bags, and wrappers. The collected plastic was then segregated for proper disposal and recycling.

The drive not only resulted in a cleaner campus but also raised awareness about the impact of plastic waste and the importance of environmental stewardship. The event concluded with a pledge from all participants to reduce plastic use and to continue organizing similar clean-up activities regularly. This successful plastic removal drive demonstrated the commitment of GDC Paderu's students and staff to creating a sustainable and eco-friendly campus environment.

### Water Tank Cleaning by Students and Staff at GDC Paderu (28-12-2019)

Students and staff at Government Degree College (GDC), Paderu, recently undertook a significant initiative to clean the college's water tank. This effort aimed to ensure the availability of clean and safe water for all campus activities.

The event began with a brief session led by the college Principal, emphasizing the importance of maintaining hygienic water storage facilities. Following this, students and staff, equipped with cleaning tools and protective gear, proceeded to empty the tank and scrub its interior walls to remove accumulated sediments and algae. The tank was then rinsed thoroughly and refilled with fresh water.

This collaborative effort not only improved the water quality but also promoted awareness about the importance of regular maintenance of water storage systems. The initiative concluded with a commitment to periodic cleaning, ensuring the continued health and well-being of the college community.

## Water Saving Awareness Program at GDC Paderu (30-01-2021)

Government Degree College (GDC) Paderu, in collaboration with Nehru Yuva Kendra (NYK) Paderu, organized an awareness program on water conservation. The event featured Youth Officer Mahesh Garu, who explained the critical importance of water and the need for its conservation. Students and staff gathered to learn practical tips for reducing water wastage and implementing sustainable practices in their daily lives. Mahesh Garu emphasized the urgency of preserving this vital resource for future generations. The program successfully heightened awareness and encouraged the GDC Paderu community to adopt water-saving measures, reinforcing the college's commitment to environmental stewardship.

## Clean and Green Program at GDC Paderu – 24-02-2021

Government Degree College (GDC) Paderu recently conducted a "Clean and Green" program, actively involving Vice Principal Rasool Garu, staff, and students. The initiative aimed at enhancing the college's environmental sustainability and fostering a sense of responsibility towards nature. Participants engaged in various activities including tree planting, campus cleaning, and proper waste management. The program not only beautified the college grounds but also educated students on the importance of maintaining a green and clean environment. Vice Principal Rasool Garu emphasized the significance of collective efforts in preserving the environment, inspiring everyone to contribute to a greener future.

## COVID-19 Vaccination Drive at GDC Paderu 28-10-2021

Government Degree College (GDC) Paderu organized a COVID-19 vaccination drive, emphasizing the importance of immunization in combating the pandemic. The drive was supervised by the College Principal, Dr. V. Chittabbai, who ensured smooth coordination between the medical team and the college community. Students, faculty, and staff participated actively, receiving their vaccinations in an orderly manner. The initiative aimed to achieve maximum coverage, ensuring the health and safety of everyone on campus. The successful execution of this drive reflects GDC Paderu's commitment to public health and community well-being.

## Sanitization of Government Degree College Paderu During COVID-19 Pandemic 3-11-2021

During the COVID-19 pandemic, Government Degree College (GDC) Paderu undertook extensive sanitization measures to ensure the safety of its students, faculty, and staff. The college campus, including classrooms, laboratories, offices, and common areas, was regularly

sanitized following strict health protocols. Disinfectant sprays and sanitizing solutions were used to clean surfaces, equipment, and frequently touched areas. The administration, led by Principal Dr. V. Chittabbai garu , emphasized the importance of maintaining a hygienic environment to prevent the spread of the virus. These efforts were crucial in safeguarding the health of the college community and ensuring a safe educational environment during the pandemic.

## Plantation Drive at GDC Paderu (13-12-21)

Government Degree College (GDC) Paderu organized a plantation drive led by Principal Dr. Chittabai Garu, along with enthusiastic participation from staff and students. The initiative aimed to enhance the green cover on campus and promote environmental sustainability. Participants planted a variety of saplings, including native species suitable for the local climate. Dr. Chittabai Garu emphasized the importance of trees in maintaining ecological balance and mitigating environmental challenges. The event not only beautified the college surroundings but also instilled a sense of environmental stewardship among the college community. This initiative reflects GDC Paderu's commitment to creating a green and sustainable campus for the benefit of current and future generations.

### విద్యార్థులు పోటీ పరీక్షల్లో ముందుండావి

### Construction of Water Harvesting Pits at GDC Paderu (18-12-2021)

Students at Government Degree College (GDC) Paderu actively participated in the construction of water harvesting pits on campus. This initiative aimed to promote sustainable water management practices and address water scarcity issues. Under the guidance of faculty members, students dug and prepared several pits designed to capture and store rainwater. These efforts not only enhance groundwater recharge but also instill a sense of environmental responsibility among the students. The successful implementation of this

project underscores GDC Paderu's commitment to sustainable practices and its proactive approach to tackling environmental challenges.

### Bore Well Recharge at GDC Paderu

Government Degree College (GDC) Paderu has undertaken a significant initiative to recharge bore wells on its campus, aiming to address water scarcity and improve groundwater levels. The project involved the construction of recharge structures around existing bore wells to ensure that rainwater is effectively channeled into the underground aquifers. This method helps in maintaining the bore wells' water yield and ensures a sustainable water supply for the college. Faculty and students actively participated in the project, gaining hands-on experience in water conservation techniques. This initiative highlights GDC Paderu's commitment to sustainable water management and environmental conservation.

## CLEAN AND GREEN CAMPUS INITIATIVES -2022

### Plantation Drive 10-03-2022

ITDA Project Officer **Ronaki Gopala Krishna IAS** participated in a plantation program during his visit to Government Degree College (GDC) Paderu. This visit coincided with a blood donation camp organized by GDC Paderu in collaboration with the Red Cross Society of India. The event saw the active participation of the college principal, Dr. V. Chittabai, along with the staff, students, and members of the Red Cross Society.

**Plantation by Sri Ronaki Gopala Krishna IAS**

Ronaki Gopala Krishna IAS emphasized the importance of environmental conservation and community service in his address. He commended the joint efforts of the college and the Red Cross Society in organizing the blood donation camp, highlighting its significance in saving lives. The plantation program, which involved the planting of several saplings on the college premises, aimed to promote ecological awareness among the students.

**Dr V Chittabai garu principal presentation a plant to Sri Ronaki Gopala Krishna IAS**

The participation of students and staff in both the plantation drive and the blood donation camp showcased their commitment to societal well-being and environmental sustainability. The initiative was well-received, fostering a sense of responsibility and collective effort towards a greener and healthier future.

## Plantation Program at GDC Paderu on World Environment Day 05-06-2022

On the occasion of World Environment Day, Government Degree College (GDC) Paderu organized a plantation program as part of its Green Campus Initiative. The event was inaugurated by the college principal, Dr. V. Chittabai Garu, who led by example by planting the first tree. The program saw enthusiastic participation from the college staff and students, all contributing to the effort to enhance the campus greenery.

Plantation by Dr. V. Chittabai Garu, College Principal."

Dr. V. Chittabai Garu emphasized the importance of environmental conservation and the role of trees in combating climate change. He encouraged everyone to take responsibility for nurturing the plants and maintaining the green cover.

Throughout the day, various species of trees were planted across the college campus. This initiative aimed not only to beautify the campus but also to promote ecological balance and environmental awareness among the students.

The plantation drive concluded with a renewed commitment from the college community to continue their efforts towards creating a sustainable and eco-friendly campus. The event was a resounding success, reinforcing the college's dedication to environmental stewardship and community involvement.

## CLEAN AND GREEN CAMPUS INITIATIVES

'Clean and Green Programme' 14-06-2022

Under the leadership of Principal Dr. V. Chittabbai Garu, GDC Paderu enthusiastically

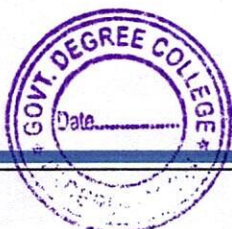

"Dr. V. Chittabbai Garu, the Principal, participated in the Clean and Green

participated in the 'Clean and Green Programme' as part of Jagananna Swachha Sankalp. This initiative saw active involvement from both staff and students of the institution. The program aimed to promote cleanliness and environmental awareness within the campus and its surroundings.

Participants engaged in various activities such as cleaning drives, tree planting, and awareness sessions on waste management. They embraced the motto of reducing, reusing, and recycling to ensure sustainable practices. Through their collective efforts, they not only beautified the campus but also contributed to the larger goal of environmental conservation.

The program, titled 'Clean and Green,' underscored the institution's commitment to fostering a clean and healthy environment. It encouraged students to take ownership of their surroundings and instilled a sense of responsibility towards environmental stewardship. Overall, the initiative was a testament to GDC Paderu's dedication to creating a cleaner and greener future for all.

## Plantation Drives Conducted by GDC Paderu in 2022-23

### GDC Paderu's Commitment to Environmental Stewardship in 2023

In 2022-23, the Government Degree College (GDC) Paderu embarked on a series of plantation drives aimed at enhancing the green cover of the region, promoting environmental awareness, and contributing to sustainable development. These initiatives, driven by the enthusiasm of students, faculty, and local communities, reflect the college's dedication to environmental conservation and its role as a beacon of ecological responsibility.

#### Plantation Drive (July 2022)

- **Date:** July 26 - 2022

#### Winter Green Campaign

- **Date:** December 20- 2022

#### Spring Blossom Drive (March 2023):

- **Date:** March 21, 2023

#### Earth Day Green Initiative (April 2023):

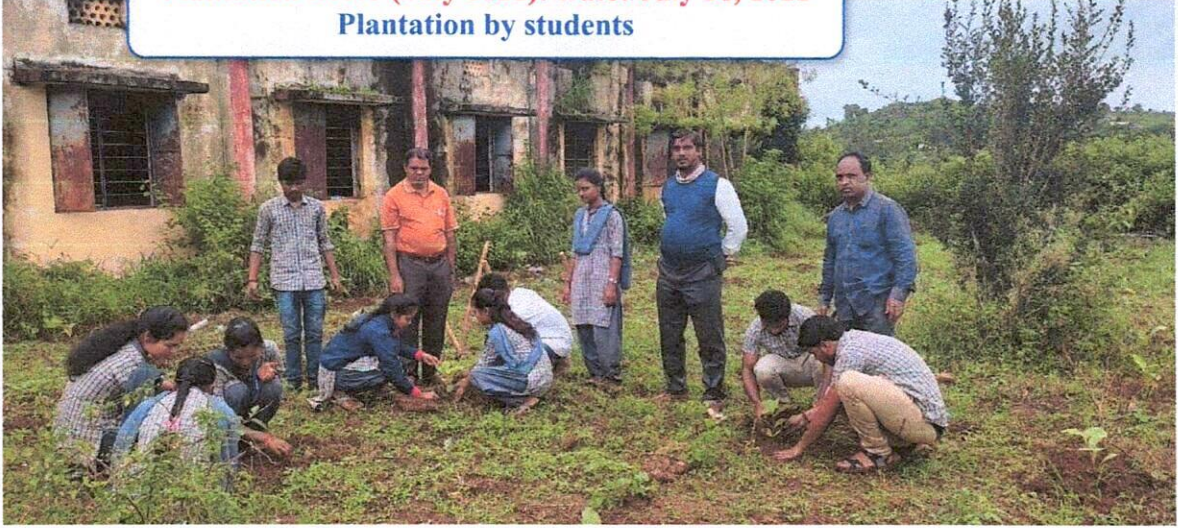

- **Date:** April 22, 2023
- **Conclusion:** The plantation drives conducted by GDC Paderu in 2022-23 have not only contributed to the environmental well-being of the region but have also strengthened community bonds and provided invaluable educational experiences. These initiatives exemplify the college's commitment to creating a greener, healthier, and more sustainable future.
- **Future Plans:** GDC Paderu plans to continue its green initiatives with an even greater focus on integrating advanced techniques such as drip irrigation, using geo-tagging for plant monitoring, and enhancing community participation through digital platforms. The goal is to plant an additional trees by the end of 2024, ensuring that the legacy of environmental stewardship grows stronger each year.

### Observation of Ozone Day by GDC Paderu (16-09-2022)

GDC Paderu actively observed Ozone Day, emphasizing the importance of ozone layer protection and environmental conservation. The event was organized with the participation of students, faculty, and staff, aiming to raise awareness about ozone depletion and its impact on

global climate.

#### Activities Conducted:

##### 1. Awareness Sessions:

- Conducted seminars and talks on the significance of the ozone layer, its depletion causes, and effects on human health and ecosystems.
- Highlighted global efforts like the Montreal Protocol in ozone layer protection and sustainable development.

##### 2. Pledges and Commitments:

- Encouraged students and staff to take pledges towards adopting ozone-friendly practices in their daily lives.
- Emphasized the role of individual actions in mitigating climate change and preserving the ozone layer.

#### Impact:

The Ozone Day observation at GDC Paderu fostered a deeper understanding of environmental issues among participants. It promoted a sense of responsibility towards protecting the ozone layer and inspired sustainable actions within the college community. By engaging students in informative sessions, competitions, and practical activities like tree planting, the event successfully advocated for environmental conservation and encouraged proactive involvement in global environmental initiatives.

## Construction of College Gate and Fencing by GDC Paderu Students 21-10-22

### Introduction

The students of Government Degree College (GDC) Paderu undertook a significant project to construct the college gate and fencing. This initiative was part of their efforts to enhance the college infrastructure and contribute to the college's overall development.

Students construction of Gate and Fencing

### Objectives

- **Improve Security:** To ensure the safety and security of the college premises.
- **Aesthetic Enhancement:** To improve the visual appeal of the college entrance.
- **Student Involvement:** To foster a sense of responsibility and teamwork among the students.

### Planning and Organization

- **Project Proposal:** The project was proposed by the college principal, Dr. V. Chittabai, and approved by the college administration.
- **Resource Allocation:** Materials for the construction were sourced with the support of the college management and contributions from local sponsors.
- **Team Formation:** A team of motivated students was formed, led by senior students and guided by faculty members.

### Execution

- **Initial Preparation:** The project began with clearing the area where the gate and fencing were to be constructed.
- **Construction Process:**
  - **Gate Construction:** Students worked in shifts to lay the foundation, erect pillars, and install the gate.

- **Fencing:** The fencing involved measuring the perimeter, setting up posts, and securing the fencing material.
- **Supervision:** Faculty members and local experts provided technical guidance and supervision throughout the construction process.

### Challenges and Solutions

- **Weather Conditions:** Inclement weather posed a challenge, but the students adjusted their schedule to work during favorable conditions.
- **Technical Difficulties:** Some students faced difficulties with the technical aspects of construction, which were mitigated by additional training sessions and guidance from experts.

### Outcome

- **Completion:** The construction of the college gate and fencing was completed successfully within the planned timeline.
- **Impact:**
  - Enhanced security and controlled access to the college premises.
  - Improved aesthetic appeal of the college entrance, making it more welcoming.

- A strong sense of achievement and teamwork among the students who participated.

### Conclusion

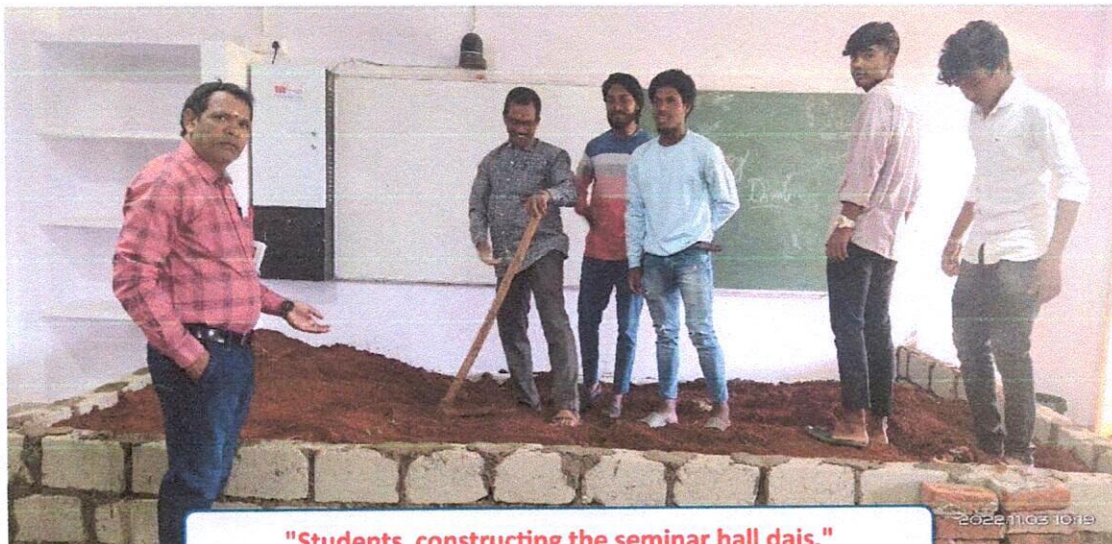

The construction of the college gate and fencing by the students of GDC Paderu was a commendable initiative that showcased their dedication and capability. It not only improved the college infrastructure but also instilled a sense of pride and accomplishment among the students. This project stands as a testament to the collaborative spirit and active involvement of the student body in the development of their college.

### Construction of Seminar Hall Dais by GDC Paderu Students 03-11-22

"Students constructing the seminar hall dais."

The students of Government Degree College (GDC) Paderu successfully constructed a seminar hall dais, enhancing the facility's functionality. Led by the college principal, Dr. V. Chittabai, and guided by faculty, the project involved designing, gathering materials, and constructing the dais. Students worked collaboratively, gaining practical skills and fostering teamwork. Despite some technical challenges, they completed the project on schedule. The new dais now provides a professional platform for academic events, boosting the college's infrastructure and offering a sense of accomplishment to all participants.

### Vermicompost Preparation by GDC Paderu Students 11-02-23

Under the guidance of the Zoology Department, students of GDC Paderu successfully prepared

vermicompost as part of an environmental sustainability initiative. The project involved setting up composting bins, sourcing organic waste materials, and introducing earthworms to facilitate decomposition. Students learned the process of maintaining optimal conditions for vermicomposting, including moisture control and regular turning of the compost. This hands-on experience not only educated them on waste management and soil health but also emphasized the importance of eco-friendly practices. The resulting

nutrient-rich compost was used to enrich the college gardens, promoting sustainable agriculture practices.

## GREEN INITIATIVES -2018 -19

### Plastic Removal Drive at GDC Paderu (23-06-2018)

#### Report

Students and staff of Government Degree College (GDC), Paderu, conducted a comprehensive plastic removal drive on the college campus. This initiative aimed to enhance environmental awareness and promote cleanliness. The event commenced at 9:00 AM with a brief speech by the Principal, highlighting the adverse effects of plastic pollution and the importance of maintaining a plastic-free environment. Armed with gloves and collection bags, participants enthusiastically scoured the campus, picking up plastic waste such as bottles, bags, and wrappers. The collected plastic was then segregated for proper disposal and recycling. The event witnessed active participation from 45 students and staff members, reflecting the collective commitment to sustainability and ecological responsibility. The drive concluded with a pledge to minimize plastic usage and to organize regular clean-up activities. The effort not only cleaned the campus but also instilled a sense of environmental stewardship among the participants.

## GREEN INITIATIVES -2018 -19

### Cleaning of College Ground by GDC Paderu (21-07-2018)

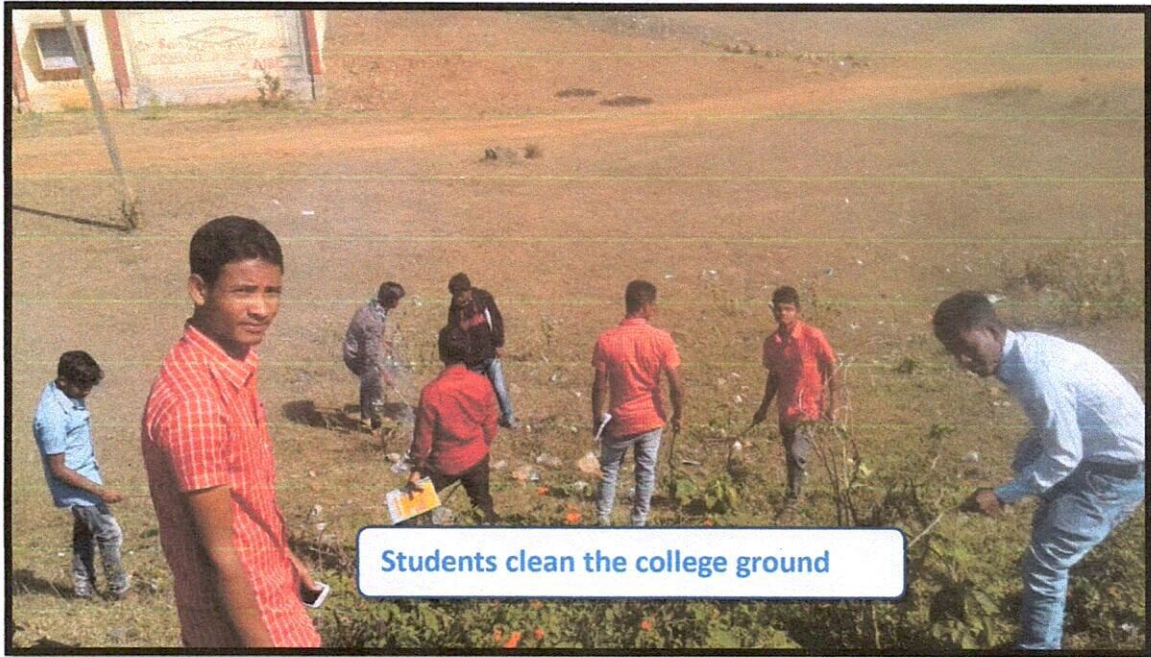

#### Report

The students and staff of Government Degree College (GDC), Paderu, recently conducted a comprehensive cleaning drive on the college ground. The event began with an inspiring address by the Principal, emphasizing the significance of maintaining a clean and green environment. Participants, equipped with brooms, gloves, and garbage bags, enthusiastically worked together to clear the ground of litter and overgrown weeds. The team focused on collecting and properly disposing of all waste materials, ensuring the ground was left spotless. This collaborative effort not only enhanced the visual appeal of the college grounds but also instilled a strong sense of environmental responsibility among everyone involved. The drive concluded with a collective pledge to uphold the cleanliness of the campus and to organize similar activities in the future. This initiative demonstrated GDC Paderu's dedication to fostering a sustainable and hygienic educational environment. In event 78 students are participated.

### Clean and Green Initiative at GDC Paderu(24-11-2018)

#### Report

The students and NSS volunteers of Government Degree College (GDC), Paderu, recently embarked on a "Clean and Green" initiative to enhance the environmental quality of the campus. The event commenced with an inspiring speech by the Principal, highlighting the importance of a clean and green environment for a healthy learning atmosphere. Armed with cleaning tools and gardening equipment, the participants enthusiastically engaged in various activities. They meticulously cleared litter from the college grounds, pruned overgrown shrubs, and planted new saplings to promote greenery. Waste materials were collected and segregated for proper disposal. The initiative not only beautified the campus but also fostered a sense of environmental stewardship among the participants. The event concluded with a pledge to maintain the cleanliness and greenery of the campus through regular efforts. This activity showcased the commitment of GDC Paderu's students and NSS volunteers to creating a sustainable and eco-friendly educational environment. In this programme 65 students and staff were participated .

### Plantation Drive at GDC Paderu (16-02-2019)

#### Report

Government Degree College (GDC), Paderu, organized a successful plantation drive aimed at enhancing the campus's greenery and promoting environmental awareness. The event saw active participation from the college Principal, Vice Principal Dr apparao , and Rasool Garu, along with staff and students. The program began with an inspiring address by the Principal, emphasizing the importance of tree planting for ecological balance and a healthier environment. Following the Principal's speech, Vice Principal Appa Rao Garu and Rasool Garu also shared their insights on the benefits of a green campus and encouraged everyone to contribute actively. Participants, including students and staff, then proceeded to designated areas on the campus to plant a variety of saplings. Equipped with necessary tools and guided by experienced staff, they worked together to ensure the proper planting and initial care of each sapling. The saplings chosen were native species, known for their adaptability and environmental benefits. Throughout the drive, there was a palpable sense of community and collective responsibility. The event concluded with a commitment from all participants to regularly care for the newly planted trees, ensuring their growth and survival. This plantation drive not only beautified the college campus but also instilled a deeper sense of environmental stewardship among the participants. It was a significant step towards creating a greener, more sustainable educational environment at GDC Paderu.

### Clean and Green Drive at GDC Paderu (05-06-2019)

#### Report

In a vibrant effort to enhance their campus, GDC Paderu students embarked on a "Clean and Green" drive, transforming the college grounds into a sanctuary of sustainability. Guided by the enthusiasm of both staff and 70 students, the initiative saw litter collected, overgrown shrubs pruned, and new saplings planted. The campus buzzed with energy as participants worked hand-in-hand, nurturing the environment and fostering a sense of community. This drive not only beautified the surroundings but also instilled a lasting commitment to ecological care among the students, ensuring a greener, cleaner future for GDC Paderu.

### Plastic Removal Drive at GDC Paderu (19-10-2019)

#### Report

Government Degree College (GDC), Paderu, conducted a plastic removal drive to promote environmental cleanliness and sustainability. The event saw enthusiastic participation from NSS Program Officer Gowri sankar, Vice Principal TN Rasool, Commerce Lecturer Sankara Rao Garu, and numerous students. The initiative began with an address by NSS Program Officer Gowri sankar, who highlighted the detrimental effects of plastic pollution on the environment and the importance of maintaining a plastic-free campus. Following this, Vice Principal TN Rasool and Commerce Lecturer Sankara Rao Garu also emphasized the need for collective action in preserving the environment. Participants were provided with gloves and collection bags, and they systematically covered the entire campus, picking up plastic waste such as bottles, bags, and wrappers. The collected plastic was then segregated for proper disposal and recycling. The drive not only resulted in a cleaner campus but also raised awareness about the impact of plastic waste and the importance of environmental stewardship. The event concluded with a pledge from all participants to reduce plastic use and to continue organizing similar clean-up activities regularly. This successful plastic removal drive demonstrated the commitment of GDC Paderu's students and staff to creating a sustainable and eco-friendly campus environment.

## GREEN INITIATIVES -2019 -20

### Water Tank Cleaning by Students and Staff at GDC Paderu (28-12-2019)

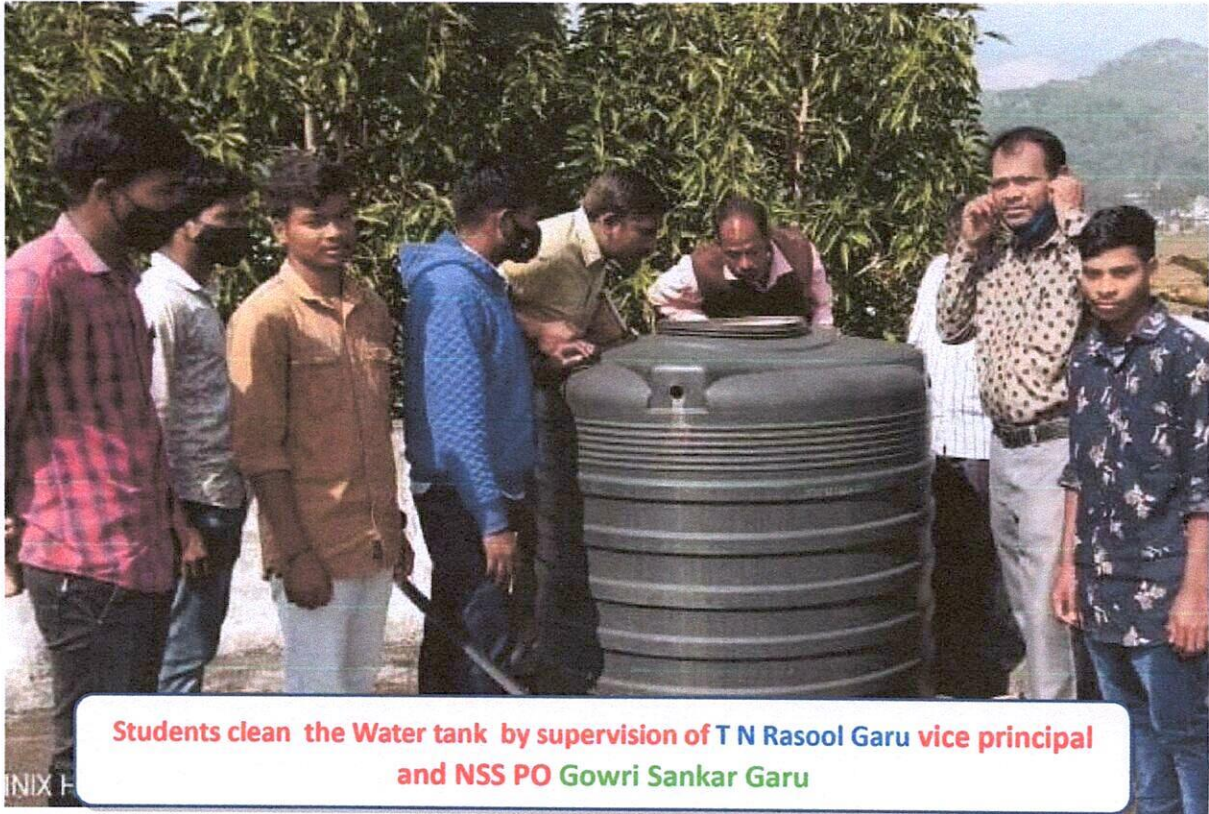

#### Report

Students and staff at Government Degree College (GDC), Paderu, recently undertook a significant initiative to clean the college's water tank. This effort aimed to ensure the availability of clean and safe water for all campus activities. The event began with a brief session led by the college Principal, emphasizing the importance of maintaining hygienic water storage facilities. Following this, students and staff, equipped with cleaning tools and protective gear, proceeded to empty the tank and scrub its interior walls to remove accumulated sediments and algae. The tank was then rinsed thoroughly and refilled with fresh water. This collaborative effort not only improved the water quality but also promoted awareness about the importance of regular maintenance of water storage systems. The initiative concluded with a commitment to periodic cleaning, ensuring the continued health and well-being of the college community.
