Department of Physics

Certificate Course in Basics on Domestic Electrical Appliances

Academic Year 2022-2023

Course Duration:
Start Date: 01-08-2022
End Date: 31-08-2022

Course Coordinator:
Sri P. Chandra Sekhar

Course Overview:

Our Department of Physics proudly introduces a specialized certificate course designed to equip students with essential knowledge and skills in handling domestic electrical appliances. This course empowers participants to confidently manage household appliances, fostering both personal competence and entrepreneurial potential. Our aim is to embark on a practical journey into the fundamentals of domestic electrical appliances with our specialized certificate course.

Objectives:

- Gain a comprehensive understanding of the principles underlying domestic electrical appliances.
- Develop practical skills in the safe operation and maintenance of appliances.
- Learn effective troubleshooting techniques to address common issues.
- Cultivate entrepreneurial capabilities through applied knowledge in appliance usage and maintenance.

Course Highlights:

- Suggest and do remedial measures in domestic equipment.
- Identification of protective devices.
- Able to do domestic wiring and maintenance.
- Measure of avoiding the accidents from electrical appliances and its first aid activities.

Course Details:

- **Duration:** 8 weeks
- **Eligibility:**B.Sc, B.Com, and B.A students
- **Course Mode:** Classroom lectures, practical sessions
- **Certification:** Certificate awarded upon successful completion

- **Topics Covered:**

- Electrical Basics
- Electrical Hazards and their impact
- Causes and controlling of Hazards
- First aid during electrical Hazards and Heating Appliances.

Key Features:

- **Expert Faculty:** Lectures and guidance from experienced Physics lecturer.
- **Interactive Learning:** Group discussions, seminars, and workshops to enhance learning experiences.

Enrollment Details:

- **Application Deadline:**28-07-2022
- **Course Fee:** free cost
- **How to Apply:** Interested students can apply by submitting the application form available at the Department of Physics.

Department Of Computer Science
Certificate Course In Web Designing
Academic year 2022-2023

Certificate Course in Web Designing

Academic Year 2022–2023

Introduction: The Department of Computer Science at [Your College/Institution Name] is delighted to introduce a specialized Certificate Course in Web Designing. This course is tailored for B.A., B.Sc., and B.Com. students who wish to enhance their skills in HTML and CSS, enabling them to create professional-quality web projects and explore entrepreneurial opportunities in the digital space.

Course Objectives:

- Develop proficiency in HTML and CSS for web development.
- Learn the principles of user interface (UI) and user experience (UX) design.
- Gain practical skills to design and deploy websites independently.
- Foster creativity and innovation in web design projects.

Key Features:

- Hands-on training sessions with industry-standard tools.
- Guest lectures by experts from the field of web development.
- Real-world projects to apply theoretical knowledge.
- Certificate awarded upon successful completion.

Course Details:

- **Duration:** [Specify duration, e.g., 3 months]

- **Classes:** [Specify frequency and duration of classes, e.g., Twice a week for 2 hours]
- **Eligibility:** Open to all B.A., B.Sc., and B.Com. students with basic computer literacy.

Brief Report of The Event

Workshop on Importance of Computer skills through Computational Learning

The Faculty of Computer Science , in collaboration with IQAC, organized a one-day workshop on the "Importance of Computer Skills" on December 20, 2022. The event was inaugurated by Mrs K. Pavani, lecturer in computer science govt degree college chintapalli with Dr. V. Chittabbai, Principal, and Dr. T.N. Rasool, Vice Principal & Academic Coordinator in attendance. Koteswar Rao, IQAC Coordinator, and NSS Coordinator, P. Ramesh Kumar, highlighted the significance of research paper writing in their speeches. Mrs. K. Pavani, a Computer Science Lecturer from Government Degree College, Chintapalli, delivered insightful sessions on the subject, enriching participants students understanding of computer skills and their practical applications.

REPORT ON WORKSHOP

TOPIC SYNOPSIS

ChemDraw is a powerful software application designed for chemists and researchers to draw chemical structures, reactions, and diagrams. Developed by PerkinElmer, ChemDraw is part of the ChemOffice suite and has become a standard tool in the field of chemistry. Below are detailed notes on ChemDraw:

1. Chemical Structure Drawing:

ChemDraw provides an intuitive and user-friendly interface for drawing chemical structures. Users can create complex molecular structures, including organic and inorganic compounds.

2. Reaction Drawing:

The software allows users to draw chemical reactions, including mechanisms and reaction pathways. This feature is valuable for documenting experimental procedures and designing synthetic routes.

3. Database Integration:

ChemDraw can connect to chemical databases, enabling users to search and retrieve chemical information directly within the application. This feature streamlines the process of accessing data for specific compounds.

4. Spectroscopy Annotations:

ChemDraw supports the annotation of spectroscopy data, such as NMR and IR spectra. Users can associate experimental data with specific chemical structures, aiding in the analysis and interpretation of results.

5. Biochemical Notations:

In addition to traditional organic and inorganic chemistry, ChemDraw includes tools for drawing biochemically relevant structures. This includes amino acids, peptides, and nucleic acids.

6. 3D Structure Visualization:

While primarily a 2D drawing tool, ChemDraw has some basic capabilities for displaying simple 3D molecular structures. This feature can be useful for visualizing molecular conformations.

7. Database Compatibility:

ChemDraw supports various file formats, making it compatible with other chemical drawing tools. This flexibility allows users to collaborate and share files seamlessly.

8. Templates and Styles:

The software provides templates for common chemical structures and allows users to define and apply consistent styles. This feature ensures that drawn structures are publication-ready and adhere to specific formatting guidelines.

9. Cheminformatics Tools:

ChemDraw includes features for cheminformatics, allowing users to perform tasks such as structure searching, chemical property predictions, and handling chemical data efficiently.

10. Educational Use:

ChemDraw is widely used in educational settings for teaching and learning chemistry. Its user-friendly interface makes it accessible to students and educators at various levels.

11. Professional Applications:

11. Professional Applications:

In research and industry, ChemDraw is employed for creating high-quality chemical illustrations, documenting experimental procedures, and preparing figures for publications.

Overall, ChemDraw is a versatile and essential tool for chemists, providing a range of features that support the creation, analysis, and communication of chemical information. Its popularity stems from its robust capabilities, ease of use, and its role in facilitating effective chemical communication in both academic and industrial settings.

PowerPoint presentation involves structuring content in a visually engaging way to effectively communicate information. Here are some notes on PowerPoint presentations:

1. **Slide Design:

Choose a clean and professional design that complements the content.

Use consistent fonts, colors, and formatting to maintain a cohesive look.

2. **Content Organization:

presentation with a clear structure, including an introduction, main points, and a conclusion.

Divide content into logical sections and use headings to guide the audience.

3. **Slide Layouts:

Utilize various slide layouts for text, images, charts, and bullet points.

Avoid clutter; each slide should focus on a single idea or concept.

4. **Engaging Visuals:

Incorporate relevant images, graphics, and charts to enhance understanding.

Ensure visuals are high-quality and directly support the presentation's message.

5. **Bullet Points and Text:

Limit text on each slide to key points.

Use bullet points for easy readability, but avoid overwhelming the audience with too much information.

6. **Consistent Font Size:

Maintain a readable font size. Titles should be larger, and body text should be easily readable from a distance.

7. **Transitions and Animations:

Use transitions and animations sparingly to enhance the flow of the presentation.

Avoid distracting effects that may overshadow the content.

8. **Data Representation:

Present data using clear charts and graphs.

Provide context and explanations for data points to aid understanding.

9. **Speaker Notes:

Include speaker notes for additional information, reminders, or cues to keep the presenter on track.

Practice delivering the presentation with these notes.

10. **Engage the Audience:

Encourage audience interaction through questions, polls, or discussions.

Use rhetorical questions to stimulate thought and engagement.

13. **Slide Numbering:

Number of slides for easy reference.

Indicate progress through the presentation

14. **Consistent Branding:

If applicable, incorporate consistent branding elements such as logos and color schemes.

15. **Backup Plan:

Have a backup plan in case of technical difficulties. Save your presentation in multiple formats, and consider having a printed copy.

Creating an effective PowerPoint presentation involves a balance of design, content, and engagement. By following these guidelines, can deliver a presentation that is visually appealing, informative, and engaging for your audience.

A Brief Report on

Workshop on *हिन्दी साहित्य और उसकी विधाएँ*

Faculty of Hindi in association with IQAC conducted one-day workshop on "*हिन्दी साहित्य और उसकी विधाएँ* " on 21-09-2022. Dr. V. Chittabbai presided over the inaugural function. Dr.T.N Rasool vice Principal, Academic Coordinator Dr V.Ramesh babu NAAC Coordinator Sri. P. Koteswara rao IQAC Coordinator, Mrs CH. Anitha N.S.S Coordinator and smt. U. Varija lecturer in Hindi are spoke on the importance of *हिन्दी साहित्य और उसकी विधाएँ* with reference to importance of Hindi Literature. Dr. B. Laxmi, Lecture in Hindi, Government Degree College, Chodvarm gave invited talk in two sessions. In this session, she explained the importance of Language and Literature and what is the use and value of Literature. In the 2nd session, he explained need and use of Literature and importance of it. At last concluded witha vote of thanks proposed by student.

BRIEF REPORT ON CONSUMER RIGHTS DAY

On March 15, 2021, GDC Paderu commemorated World Consumer Rights Day with a well-organized program aimed at raising awareness about consumer rights and responsibilities. The event was held at the college premises and saw the participation of esteemed guests, faculty members, and enthusiastic students.

The program began with the invitation of guests onto the dais, where Ms. K. Anusha lecturer in computer application, welcomed everyone warmly. N.S.KRISHNA, Principal of GDC Paderu, initiated the proceedings with his insightful opening remarks, emphasizing the importance of consumer rights in today's world.

Following this, Mr. P.KOTESWARA RAO, the IQAC Coordinator, delivered a detailed speech highlighting the significance of consumer awareness and the role of education institutions in promoting consumer rights.

A key highlight of the event was the felicitation of the resource person, conducted by the college staff, acknowledging their contribution to consumer advocacy.

Mr. V. Rama Rao Dora, the resource person, expressed his gratitude and shared valuable insights into consumer protection laws and the avenues available for grievance redressal.

The program concluded with a vote of thanks delivered by Mr. V. Sankara Rao, expressing gratitude to all participants, organizers, and attendees for their active involvement in making the event a success.

Throughout the event, there was a palpable sense of enthusiasm and commitment to promoting consumer awareness among the students and faculty alike. The celebration of World Consumer Rights Day at GDC Paderu served as a reminder of the importance of informed consumerism and the empowerment of individuals through knowledge of their rights.

A Brief report on

Workshop on Importance of Research in Mathematics through Computational Learning

Faculty of Mathematics, Chemistry in association with IQAC Conducted one – day workshop on "**Research in Mathematics through Computational Learning**" on 20-12-2022. Dr. Ch. Papa Rao presided over the inaugural function. Sri Dr.V. Chittabbai principal,Dr.T.N. Rasool vice principal&academic coordinator,P. KoteswarRao IQACCoordinator, k. PrasadNaidu physical director and NSS Coordinator, P. RameshKumar spoke on the importance of research with reference to research paper writing. Dr.ch. papaRao, Assistant professor of mathematics, department of mathematics, sir.V.K.V Government Degree College, kothepeta,gave invited talk in two sessions. In the morning sessions, he explained the general methodology which adopted in research . In the afternoon session, he explained how to write a research paper to publish in a journal. All the faculty members and the students were enthusiastically involved in the programme and learned the various technique involved in writing the research paper the programme is concluded with a vote of thanks byKum.K.Prasanna Kumari.

In the digital age, a wealth of information is readily available through various reading materials. Encouraging students to delve into extra reading not only expands their knowledge base but also hones their ability to analyze information critically. This practice serves as a catalyst for developing a scientific temperament, as it trains them to scrutinize and evaluate data effectively.Rather than solely relying on textbooks, posing thought-provoking questions during explanations prompts students to think beyond the surface level. By making learning application-based and illustrating concepts with real-life examples, teachers create a dynamic environment that resonates with students. This approach not only enhances comprehension but also instills a deeper appreciation for the subject matter, inspiring curiosity and driving active engagement in scientific exploration.

The resource person engaged all the students through different activities through powerpoint presentation.

In this context the resource person explained about different concepts in two days

Day 1:

He explained about the topics below

A Brief Report on

Workshop on Entrepreneurship

The department of commerce in association with IQAC conducted one-day workshop on "Entrepreneurship" on 05-01-2023. Dr.V. Chittabbai presided over the inaugural function. Sri Dr.T.N.Rasool, Vice Principal, Dr P.Koteswara Rao, IQAC Coordinator, Dr. V. Ramesh Babu NAAC Coordinator, Miss Dr.T.N. Rasool Academic Coordinator, N.S.S Coordinator spoke on Entrepreneurship. Sri.k.Ravi Kumar , Branch Manager in Union Bank at Paderu,gave invited talk in two sessions. In the morning session, he explained the on Entrepreneur, Entrepreneurship, Types of Entrepreneurs, capital ceiling basis investment, Institutions Support like central, state private (Online Trasactions) ,(On wanted OTP), (Spam Messeges), (PINO),(Micro ATMs) etc.,. In the afternoon session, he explained Qualities of successful Entrepreneur how boost up women entrepreneurs' available schemes, incentives and startups and training program and courses prominent entrepreneur of Andhra Pradesh etc.,

All the students are involved in the programme by clarifying their doubts on entrepreneurship. The programme is concluded with a vote of thanks proposed by S.Lavanya.

DEPARTMENT OF CHEMISTRY

Workshop Report

Resource person:

Dr.A.Ramgopal, JKC Coordinator, O/O Commissionerate of Collegiate Education, A.P

Date: 08.09.2021

TIME: 10:30 AM

TOPIC: Work shop on "EXPLORING CHEMISTRY OPPORTUNITIES"

Total number of students attended: 48

VENUE: Department of Chemistry

Executive Summary

The workshop on Chemistry Opportunities was conducted with the aim of enlightening participants about the diverse career paths and educational avenues available within the field of chemistry. Throughout the event, attendees engaged in interactive sessions, heard from industry professionals, and participated in discussions aimed at enhancing their understanding of potential career trajectories in chemistry-related fields.

Workshop Highlights

1. Introduction to Chemistry Opportunities

- The workshop commenced with an overview of the significance of chemistry across various industries, emphasizing its role in sectors such as pharmaceuticals, environmental science, materials science, and beyond.

2. Academic Pathways in Chemistry

- Participants were informed about post graduate programs in chemistry, as well as the importance of choosing specializations aligned with their career goals.

3. Careers in Industry

- Resource person provided insights into diverse roles available in pharmaceuticals, biotechnology, chemicals manufacturing, and other sectors. He highlighted key skills and qualifications necessary for success in these fields.

4. Careers in Research

- The workshop delved into opportunities in academic research, government laboratories, and private research organizations. Participants gained an understanding of funding opportunities and the process of conducting impactful research.

5. Careers in Environmental Chemistry

- Discussions on roles in environmental monitoring, sustainability, and green chemistry initiatives underscored the growing importance of chemistry in addressing global environmental challenges.

Conclusion

The workshop concluded with a recap of key takeaways and resources for further exploration, including recommended reading materials, websites, and opportunities for internships or continuing education in chemistry. Participants expressed satisfaction with the event's organization and content, citing newfound clarity and motivation in pursuing their career aspirations within the field of chemistry.

Recommendations

Based on participant feedback, future workshops could benefit from:

- More interactive sessions and case studies.
- Enhanced focus on emerging trends in chemistry.
- Opportunities for networking among participants and industry professionals.

Overall, the Workshop on Chemistry Opportunities succeeded in equipping participants with valuable insights and resources to navigate and excel in the dynamic landscape of chemistry-related careers. The event fostered a spirit of enthusiasm and exploration, inspiring attendees to pursue their passions and contribute meaningfully to the field of chemistry.

Acknowledgments

We extend our sincere thanks to Dr. A. Ramgopal, JKC Coordinator, O/O Commissionerate of Collegiate Education, A.P. for acting as a Resource person and delivering a talk on "Exploring chemistry opportunities".

DEPARTMENT OF CHEMISTRY

Workshop Report

Resource person:

D.GANESH, Lecturer in Chemistry, Government College for Men (A) Kadapa

Date: 20.12.2022

TIME: 11.00 AM

TOPIC: Work shop on "Good Laboratory Practices"

Total number of students attended: 42

VENUE: Department of Chemistry

Overview

The workshop on "Good Laboratory Practices (GLP)" aimed to educate degree college students on the fundamental principles and importance of adhering to GLP standards in laboratory settings. It provided a foundational understanding of practices essential for ensuring accuracy, reliability, and ethical conduct in scientific experiments and research.

Objectives

1. **Educational Focus:** To introduce students to the concept of GLP and its significance in scientific research.
2. **Skill Development:** To enhance student's practical skills in adhering to GLP guidelines during laboratory experiments.

3. **Awareness:** To raise awareness among students about the ethical considerations and regulatory aspects related to laboratory practices.

Workshop Highlights

Topics Covered

1. **Introduction to GLP**
    - Definition and principles of Good Laboratory Practices
2. **Importance of GLP**
    - Ensuring data integrity and reliability
    - Ethical considerations in scientific research
3. **Key Components of GLP**
    - Documentation and record-keeping practices
    - Equipment handling and maintenance
4. **Safety Measures**
    - Laboratory safety protocols
    - Handling hazardous substances and waste disposal
5. **Hands-on Demonstrations**
    - Practical exercises on following GLP guidelines during experiments
    - Use of laboratory equipment and instruments
6. **Group Discussions**
    - Case studies illustrating the impact of non-compliance with GLP
    - Interactive sessions on resolving ethical dilemmas

Participants

The workshop saw enthusiastic participation of students in various science disciplines such as biology, chemistry, and environmental science who are interested in gaining practical insights into laboratory practices and research ethics.

Outcomes and Conclusion

The workshop successfully achieved its objectives by equipping students with foundational knowledge and practical skills related to GLP. Participants gained a deeper understanding of the importance of adherence to guidelines in ensuring the credibility and reproducibility of experimental results. Hands-on demonstrations and interactive sessions facilitated active learning and engagement among students.

Recommendations

- **Curriculum Integration:** Incorporate elements of GLP into the academic curriculum to reinforce learning and practical application.
- **Continued Learning:** Organize follow-up sessions or seminars on advanced topics related to laboratory practices and research ethics.
- **Career Guidance:** Provide information on career opportunities in industries where GLP compliance is crucial.

Acknowledgments

We extend our sincere thanks to D.Ganesh, Lecturer in Chemistry for acting as a Resource person and delivering a great talk on Good Laboratory Practices.

In conclusion, the workshop on Good Laboratory Practices provided students with essential knowledge and skills necessary for conducting scientific research responsibly and ethically, laying a strong foundation for their future careers in scientific fields.

DEPARTMENT OF CHEMISTRY

Workshop Report

Resource person:

D.GANESH, Lecturer in Chemistry, Government College for Men (A) Kadapa

Date: 20.12.2022

TIME: 11.00 AM

TOPIC: Work shop on "Good Laboratory Practices"

Total number of students attended: 42

VENUE: Department of Chemistry

Overview

The workshop on "Good Laboratory Practices (GLP)" aimed to educate degree college students on the fundamental principles and importance of adhering to GLP standards in laboratory settings. It provided a foundational understanding of practices essential for ensuring accuracy, reliability, and ethical conduct in scientific experiments and research.

Objectives

1. **Educational Focus:** To introduce students to the concept of GLP and its significance in scientific research.
2. **Skill Development:** To enhance student's practical skills in adhering to GLP guidelines during laboratory experiments.

3. **Awareness:** To raise awareness among students about the ethical considerations and regulatory aspects related to laboratory practices.

Workshop Highlights

Topics Covered

1. **Introduction to GLP**
    - Definition and principles of Good Laboratory Practices
2. **Importance of GLP**
    - Ensuring data integrity and reliability
    - Ethical considerations in scientific research
3. **Key Components of GLP**
    - Documentation and record-keeping practices
    - Equipment handling and maintenance
4. **Safety Measures**
    - Laboratory safety protocols
    - Handling hazardous substances and waste disposal
5. **Hands-on Demonstrations**
    - Practical exercises on following GLP guidelines during experiments
    - Use of laboratory equipment and instruments
6. **Group Discussions**
    - Case studies illustrating the impact of non-compliance with GLP
    - Interactive sessions on resolving ethical dilemmas

Participants

The workshop saw enthusiastic participation of students in various science disciplines such as biology, chemistry, and environmental science who are interested in gaining practical insights into laboratory practices and research ethics.

Outcomes and Conclusion

The workshop successfully achieved its objectives by equipping students with foundational knowledge and practical skills related to GLP. Participants gained a deeper understanding of the importance of adherence to guidelines in ensuring the credibility and reproducibility of experimental results. Hands-on demonstrations and interactive sessions facilitated active learning and engagement among students.

Recommendations

- **Curriculum Integration:** Incorporate elements of GLP into the academic curriculum to reinforce learning and practical application.
- **Continued Learning:** Organize follow-up sessions or seminars on advanced topics related to laboratory practices and research ethics.
- **Career Guidance:** Provide information on career opportunities in industries where GLP compliance is crucial.

Acknowledgments

We extend our sincere thanks to D.Ganesh, Lecturer in Chemistry for acting as a Resource person and delivering a great talk on Good Laboratory Practices.

In conclusion, the workshop on Good Laboratory Practices provided students with essential knowledge and skills necessary for conducting scientific research responsibly and ethically, laying a strong foundation for their future careers in scientific fields.

A Brief Report on

Workshop on Research Methodology

Faculty of Telugu in association with IQAC conducted one-day workshop on "Research Methodology" on 06-12-2022. Dr. V. Chittabbai presided over the inaugural function. Dr.T.N Rasool vice Principal, Academic Coordinator Dr V.Ramesh babu NAAC Coordinator Sri. P. Koteswara rao IQAC Coordinator, Mrs CH. Anitha N.S.S Coordinator and Dr. D sunitha devi lec in Telugu are spoke on the importance of Telugu Kadhalu in human life, and how to change their mindset to listen the moral stories. Dr. Ch Jyothi gave invited talk in two sessions. In this session, she explained the benefits in human life to read modern letreture. In the 2nd session, she explained how to reflect stories in human life. All the faculty members and students were enthusiastically involved in the programme and how to convert human lives to read and listen to the stories; the programme is concluded with a vote of thanks proposed by Smt. M Radhakumari

Academic Year : 2022-2023

Minutes of Meeting

Date: 23/06/2022

The Department of Physics held a meeting in the Department at 3:00PM to discuss the following agenda.

Agenda:

To conduct an student induction programme for the students joined in the academic year 2022-23

Discussion and resolutions:

It is discussed and resolved to introduce the subject.

It is discussed and resolved to prepare the syllabus, to the students who joined in the course.

It is discussed and resolved to enrich the basic concepts in Physics.

A student induction programme is conducted to all the admitted students of academic year 2022-23. In this programme we introduced the department and also the course structure to the students. We ensure the students know each course through the student induction programme.

And also through this programme the students know about do's and don't in the college campus.

Government Degree College
Affiliated to Andhra University
(Upgraded to Model Degree College under RUSA 2.0)
Paderu,Alluri Sitharama Raju -District,AP.
Est:1985 NAAC " C "Grade phone no: 08935 250013
Email.ID :paderu.jkc@gmail.com.

Syllabus of Student Induction Programme

Course Objectives:

- Understand and apply fundamental laws and principles of physics.
- Develop problem-solving skills and critical thinking abilities.
- Gain practical laboratory experience.
- Appreciate the relevance of physics in everyday life and other disciplines.

Duration:
01/07/2022 to 08/07/2022

- Wave Optics

Day 5 Electricity and Magnetism
- Electric Charges and Fields
- Electric Potential and Capacitance
- Electric Current and Circuits

Day 6 Electromagnetism
- Magnetic Fields and Forces:
- Electromagnetic spectrum

Day 7 Modern Physics
- Special Theory of Relativity-
- Nuclear Physics:

Government Degree College
Affiliated to Andhra University

Paderu,Alluri Sitharama Raju -District,AP.
Est:1985 NAAC " C "Grade phone no: 08935 250013
Email.ID :paderu.jkc@gmail.com.

Day 1:

1. Welcome Session:
   - Introduction to the Department.
   - Overview of the program objectives and schedule.
2. Academic Policies and Procedures:
   - Introduction to Rules and Regulations of the Department
3. Degree Program Overview:
   - Detailed overview of the degree program structure, curriculum,elective courses.

Day 2:

Mechanics

- Kinematics
- Dynamics
- Work, Energy, and Power

Day 3:

Thermodynamics

- Temperature and Heat-

Thermodynamic Processes

Day 4 Waves and Optics

- Wave Properties
- Geometric Optics

2022—2023

02/01/2023

ONE DAY WORK SHOP

ON

GENDER ISSUES

We the department of Political Science organized the ONE DAY WORK SHOP ON GENDER ISSUES. This one day work shop was organized with the aegis of the UNITED NATIONS, the international organization which works for the attaining peace in the world from 1945.The United Nations , the international organization had the year theme as **'Recovering Better for an Equitable and Sustainable World". This** theme mentions about equality amongst both men and women , but in the current world women are being treated unequal in all walks of their life. Thais why we decided to organize this one day work shop on Gender Issues, which deals with the women issues are

1) women as equal individuals with men
2) women and their social status in the society
3) women education as their fundamental right
4) women should get employment on par with men
5) women should get health facilities
6) women should decide on their own whether they have to give birth to children or not.
7) Women and their labor should be measured in GDP (**Gross Domestic Production**)of concerned nations.

The above mentioned aims and objectives of women and their movement have been identified to discuss and have deliberations on their issues in the Work shop. So we decided to organize the One Day Workshop on GENDEWR ISSUES.

In this workshop we invited all the staff members to have discussions and deliberations on the issue. In this workshop majority staff members participated and had discussions and deliberations. In this workshop many students have participated with the staff members, all the students and staff collectively had discussions and deliberations. In this one day workshop the

following decisions have been taken as:

1. women are equal in all walks of life with men and men also should think on the same lines. And their behavior with women should be in friendly manner.
2. women are born equal with men in this universe, women should have been treated dignified individual by men in every where and place.
3. By birth women have had the fundamental rights and their rights should not be violated at everyplace and every where.
4. Every family should treat their girls as equal with their boys, boys also should treat their girls as equal human beings.
5. governments also create an environment in which men should respect girls and women.
6. women should be provided guarantees which were enshrined in the Constitution.
7. women should be provided education, health facilities, important days(birth, give birth , periods and bodily problems) in their life , they should be given priority and protection.
8. Girls and women are special being on this earth, that is why they must be given priority and importance.

IMPORTANCE AND SIGNIFICANCE OF THE ONE DAY WORKSHOP.

What the decisions were taken in the one day workshop are very essential because these decisions could be sent to the concerned governments of their levels. These decisions could be used at the time of decision making or policy making.

Dr **V Ramesh Babu** HOD of Political Science and resource person delivering the key note address on one day work shop of GENDER ISSUES ON 02-01-2023

REPORT ON WORKSHOP

Date: 04-01-2023

Venue: Room No. 6, Old building, GDC PADERU, A S R Dist.

Introduction

The workshop on "Optics: Uses in Day-to-Day Life" was organized by **Dept. of Physics, GDC PADERU** on **04-01-2023** at **Room No. 6, Old building, GDC PADERU, A S R Dist.** The workshop aimed to explore the practical applications of optics in various aspects of our daily lives, shedding light on its significance and relevance.

Session 1: Opening Remarks

The workshop commenced with an opening address by **Sri. P. Chandra Sekhar, lecturer in physics**, highlighting the importance of optics in modern society. The speaker emphasized how optics, the branch of physics that deals with the behaviour of light, plays a crucial role in technology, medicine, communication, and everyday gadgets.

Session 2: Keynote Address

The keynote address was delivered by **Sri N S Krishna**, a respected lecturer in physics from **GDC Narsipatnam**. **Mr. Krishna** delved into the fundamental principles of optics, explaining concepts such as reflection, refraction, and diffraction with real-life examples. He illustrated how these principles form the basis for the functioning of optical instruments and devices we use regularly.

Session 3: Practical Demonstrations

Following the theoretical session, practical demonstrations were conducted to provide hands-on experience to the participants.

These demonstrations included:

- **Optical Instruments:** Demonstrations of lenses, mirrors, and their applications in telescopes, microscopes, and cameras.
- **Light and Colour**: Experiments showcasing the properties of light, colour mixing, and optical illusions.
- **Fibre Optics:** Practical examples of fibre optic cables and their role in telecommunications and internet technology.

Participants actively engaged in these demonstrations, gaining insights into the underlying principles and applications of optics.

Session 4: Guest Speaker Session

Sri N S Krishna returned for an interactive session where he answered questions from the audience. Participants posed queries ranging from the physics behind holograms to the future of optics in emerging technologies like augmented reality.

Session 5: Closing Remarks

The workshop concluded with closing remarks by **Sri. P. Chandra Sekhar,** expressing gratitude to **Sri N S Krishna** for his enlightening sessions and to all participants for their enthusiastic participation. Attendees were encouraged to continue exploring the fascinating world of optics in their studies and professions.

Est:1985 NAAC " C "Grade phone no: 08935 250013 Email.ID :Paderu.jkc@gmail.com.

Conclusion:

The workshop on "**Optics: Uses in Day-to-Day Life**" proved to be a highly informative and enriching experience for all participants. It provided a comprehensive overview of how optics influences various aspects of our daily lives, from communication to healthcare and beyond. The event successfully achieved its objective of fostering a deeper understanding and appreciation of optics among attendees.

Acknowledgments

We extend our sincere thanks to **Sri N S Krishna** for his invaluable contributions as a guest speaker.

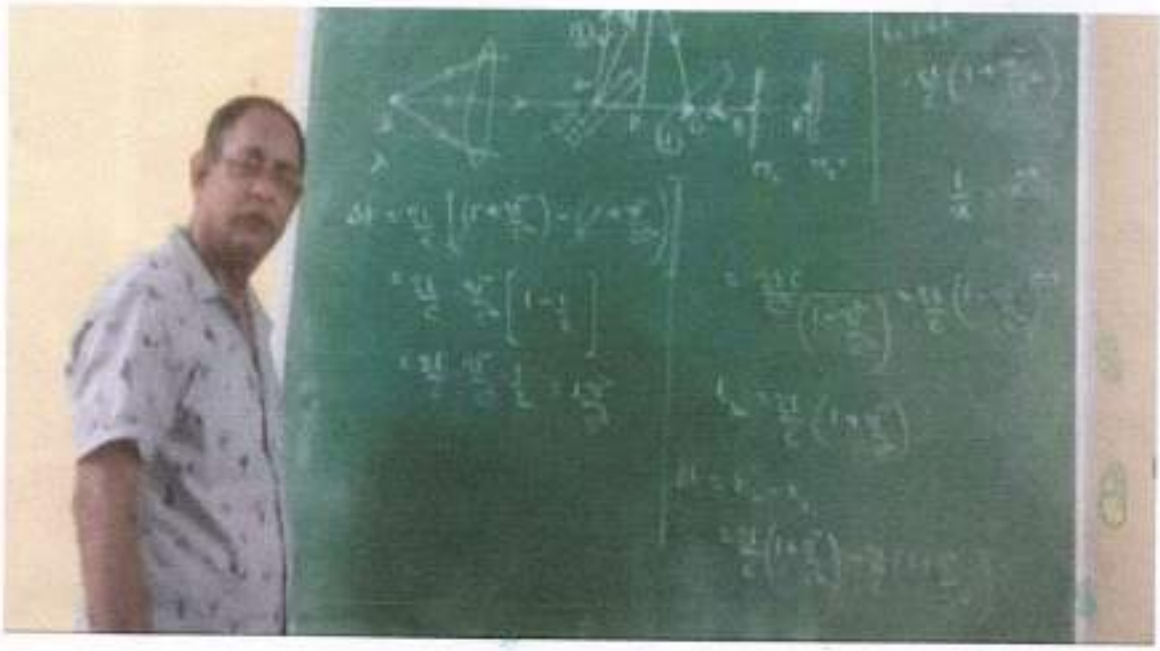

Special thanks to all participants and organizers for making this workshop a success.

This workshop not only broadened the participants' knowledge but also inspired them to explore the practical applications of optics further in their academic and professional pursuits.

DEPARTMENT OF CHEMISTRY

Workshop Report

Resource person:

D.GANESH, Lecturer in Chemistry, Government College for Men (A) Kadapa

Date: 20.12.2022

TIME: 11.00 AM

TOPIC: Work shop on "Good Laboratory Practices"

Total number of students attended: 42

VENUE: Department of Chemistry

Overview

The workshop on "Good Laboratory Practices (GLP)" aimed to educate degree college students on the fundamental principles and importance of adhering to GLP standards in laboratory settings. It provided a foundational understanding of practices essential for ensuring accuracy, reliability, and ethical conduct in scientific experiments and research.

Objectives

1. **Educational Focus:** To introduce students to the concept of GLP and its significance in scientific research.
2. **Skill Development:** To enhance student's practical skills in adhering to GLP guidelines during laboratory experiments.

3. **Awareness:** To raise awareness among students about the ethical considerations and regulatory aspects related to laboratory practices.

Workshop Highlights

Topics Covered

1. **Introduction to GLP**
    - Definition and principles of Good Laboratory Practices
2. **Importance of GLP**
    - Ensuring data integrity and reliability
    - Ethical considerations in scientific research
3. **Key Components of GLP**
    - Documentation and record-keeping practices
    - Equipment handling and maintenance
4. **Safety Measures**
    - Laboratory safety protocols
    - Handling hazardous substances and waste disposal
5. **Hands-on Demonstrations**
    - Practical exercises on following GLP guidelines during experiments
    - Use of laboratory equipment and instruments
6. **Group Discussions**
    - Case studies illustrating the impact of non-compliance with GLP
    - Interactive sessions on resolving ethical dilemmas

Participants

The workshop saw enthusiastic participation of students in various science disciplines such as biology, chemistry, and environmental science who are interested in gaining practical insights into laboratory practices and research ethics.

Outcomes and Conclusion

The workshop successfully achieved its objectives by equipping students with foundational knowledge and practical skills related to GLP. Participants gained a deeper understanding of the importance of adherence to guidelines in ensuring the credibility and reproducibility of experimental results. Hands-on demonstrations and interactive sessions facilitated active learning and engagement among students.

Recommendations

- **Curriculum Integration:** Incorporate elements of GLP into the academic curriculum to reinforce learning and practical application.
- **Continued Learning:** Organize follow-up sessions or seminars on advanced topics related to laboratory practices and research ethics.
- **Career Guidance:** Provide information on career opportunities in industries where GLP compliance is crucial.

Acknowledgments

We extend our sincere thanks to D.Ganesh, Lecturer in Chemistry for acting as a Resource person and delivering a great talk on Good Laboratory Practices.

In conclusion, the workshop on Good Laboratory Practices provided students with essential knowledge and skills necessary for conducting scientific research responsibly and ethically, laying a strong foundation for their future careers in scientific fields.

WORKSHOP

We the Department of Chemistry organized a Workshop on PowerPoint & Chemdraw for B. Sc students by the resource person **Sri P. Shiva Kumar, Lecturer in Chemistry, GDC Ichapuram, Srikakulam District.,** delivered a lecture on workshop on PowerPoint presentation and chemdraw and clarifies the doubts of students. Seventy-five (75) students are attended to workshop from all B.Sc. groups. By Program students develop their knowledge and skills in the presentation and creation of new molecular structures.

REPORT ON WORKSHOP

TOPIC SYNOPSIS

ChemDraw is a powerful software application designed for chemists and researchers to draw chemical structures, reactions, and diagrams. Developed by PerkinElmer, ChemDraw is part of the ChemOffice suite and has become a standard tool in the field of chemistry. Below are detailed notes on ChemDraw:

1. **Chemical Structure Drawing:

ChemDraw provides an intuitive and user-friendly interface for drawing chemical structures. Users can create complex molecular structures, including organic and inorganic compounds.

2. Reaction Drawing:

The software allows users to draw chemical reactions, including mechanisms and reaction pathways. This feature is valuable for documenting experimental procedures and designing synthetic routes.

3. Database Integration:

ChemDraw can connect to chemical databases, enabling users to search and retrieve chemical information directly within the application. This feature streamlines the process of accessing data for specific compounds.

4. Spectroscopy Annotations:

ChemDraw supports the annotation of spectroscopy data, such as NMR and IR spectra. Users can associate experimental data with specific chemical structures, aiding in the analysis and interpretation of results.

5. Biochemical Notations:

In addition to traditional organic and inorganic chemistry, ChemDraw includes tools for drawing biochemically relevant structures. This includes amino acids, peptides, and nucleic acids.

6. 3D Structure Visualization:

While primarily a 2D drawing tool, ChemDraw has some basic capabilities for displaying simple 3D molecular structures. This feature can be useful for visualizing molecular conformations.

7. Database Compatibility:

ChemDraw supports various file formats, making it compatible with other chemical drawing tools. This flexibility allows users to collaborate and share files seamlessly.

8. Templates and Styles:

The software provides templates for common chemical structures and allows users to define and apply consistent styles. This feature ensures that drawn structures are publication-ready and adhere to specific formatting guidelines.

9. Cheminformatics Tools:

ChemDraw includes features for cheminformatics, allowing users to perform tasks such as structure searching, chemical property predictions, and handling chemical data efficiently.

10. Educational Use:

ChemDraw is widely used in educational settings for teaching and learning chemistry. Its user-friendly interface makes it accessible to students and educators at various levels.

11. Professional Applications:

11. Professional Applications:

In research and industry, ChemDraw is employed for creating high-quality chemical illustrations, documenting experimental procedures, and preparing figures for publications.

Overall, ChemDraw is a versatile and essential tool for chemists, providing a range of features that support the creation, analysis, and communication of chemical information. Its popularity stems from its robust capabilities, ease of use, and its role in facilitating effective chemical communication in both academic and industrial settings.

PowerPoint presentation involves structuring content in a visually engaging way to effectively communicate information. Here are some notes on PowerPoint presentations:

1. **Slide Design:

Choose a clean and professional design that complements the content.

Use consistent fonts, colors, and formatting to maintain a cohesive look.

2. **Content Organization:

presentation with a clear structure, including an introduction, main points, and a conclusion.

Divide content into logical sections and use headings to guide the audience.

3. **Slide Layouts:

Utilize various slide layouts for text, images, charts, and bullet points.

Avoid clutter; each slide should focus on a single idea or concept.

4. **Engaging Visuals:

Incorporate relevant images, graphics, and charts to enhance understanding.

Ensure visuals are high-quality and directly support the presentation's message.

5. **Bullet Points and Text:

Limit text on each slide to key points.

Use bullet points for easy readability, but avoid overwhelming the audience with too much information.

6. **Consistent Font Size:

Maintain a readable font size. Titles should be larger, and body text should be easily readable from a distance.

7. **Transitions and Animations:

Use transitions and animations sparingly to enhance the flow of the presentation.

Avoid distracting effects that may overshadow the content.

8. **Data Representation:

Present data using clear charts and graphs.

Provide context and explanations for data points to aid understanding.

9. **Speaker Notes:

Include speaker notes for additional information, reminders, or cues to keep the presenter on track.

Practice delivering the presentation with these notes.

10. **Engage the Audience:

Encourage audience interaction through questions, polls, or discussions.

Use rhetorical questions to stimulate thought and engagement.

13. **Slide Numbering:

Number of slides for easy reference.

Indicate progress through the presentation

14. **Consistent Branding:

If applicable, incorporate consistent branding elements such as logos and color schemes.

15. **Backup Plan:

Have a backup plan in case of technical difficulties. Save your presentation in multiple formats, and consider having a printed copy.

Creating an effective PowerPoint presentation involves a balance of design, content, and engagement. By following these guidelines, can deliver a presentation that is visually appealing, informative, and engaging for your audience.

DEPARTMENT OF CHEMISTRY

Workshop Report

Resource person:

Dr.A.Ramgopal, JKC Coordinator, O/O Commissionerate of Collegiate Education, A.P

Date: 08.09.2021

TIME: 10:30 AM

TOPIC: Work shop on "EXPLORING CHEMISTRY OPPORTUNITIES"

Total number of students attended: 48

VENUE: Department of Chemistry

Executive Summary

The workshop on Chemistry Opportunities was conducted with the aim of enlightening participants about the diverse career paths and educational avenues available within the field of chemistry. Throughout the event, attendees engaged in interactive sessions, heard from industry professionals, and participated in discussions aimed at enhancing their understanding of potential career trajectories in chemistry-related fields.

Workshop Highlights

1. Introduction to Chemistry Opportunities

- The workshop commenced with an overview of the significance of chemistry across various industries, emphasizing its role in sectors such as pharmaceuticals, environmental science, materials science, and beyond.

2. Academic Pathways in Chemistry

- Participants were informed about post graduate programs in chemistry, as well as the importance of choosing specializations aligned with their career goals.

3. Careers in Industry

- Resource person provided insights into diverse roles available in pharmaceuticals, biotechnology, chemicals manufacturing, and other sectors. He highlighted key skills and qualifications necessary for success in these fields.

4. Careers in Research

- The workshop delved into opportunities in academic research, government laboratories, and private research organizations. Participants gained an understanding of funding opportunities and the process of conducting impactful research.

5. Careers in Environmental Chemistry

- Discussions on roles in environmental monitoring, sustainability, and green chemistry initiatives underscored the growing importance of chemistry in addressing global environmental challenges.

Conclusion

The workshop concluded with a recap of key takeaways and resources for further exploration, including recommended reading materials, websites, and opportunities for internships or continuing education in chemistry. Participants expressed satisfaction with the event's organization and content, citing newfound clarity and motivation in pursuing their career aspirations within the field of chemistry.

Recommendations

Based on participant feedback, future workshops could benefit from:

- More interactive sessions and case studies.
- Enhanced focus on emerging trends in chemistry.
- Opportunities for networking among participants and industry professionals.

Overall, the Workshop on Chemistry Opportunities succeeded in equipping participants with valuable insights and resources to navigate and excel in the dynamic landscape of chemistry-related careers. The event fostered a spirit of enthusiasm and exploration, inspiring attendees to pursue their passions and contribute meaningfully to the field of chemistry.

Acknowledgments

We extend our sincere thanks to Dr. A. Ramgopal, JKC Coordinator, O/O Commissionerate of Collegiate Education, A.P. for acting as a Resource person and delivering a talk on "Exploring chemistry opportunities".

A Brief Report on

Workshop on recent trends in banking system

Date and Venue:

The workshop on "Recent Trends in Banking System" was conducted at GDC Paderu on 22nd February 2019. The event took place in the esteemed presence of Dr. V. Appa Rao, Principal of GDC Paderu, who presided over the workshop.

Key Speakers and Participants:

Dr. V. Appa Rao (Presiding Officer): As the Principal of GDC Paderu, Dr. V. Appa Rao provided the opening remarks and set the tone for the workshop.

NS Krishna (Speaker): Mr. NS Krishna delivered insightful speeches on various aspects of the banking system, focusing on recent trends and innovations.

M. Chandra Mouli (Special Invitee): Mr. M. Chandra Mouli, Principal of GDC Araku valley, graced the occasion as a special invitee, adding value with his perspectives on the topic.

Workshop Overview:

The workshop began with an introduction to the significance of understanding recent trends in the banking sector, emphasizing the need for adaptation and evolution in the face of technological advancements and changing consumer expectations. The sessions were designed to cover a wide array of topics crucial to comprehending the contemporary banking landscape.

Session Highlights:

1. **Digital Transformation in Banking**: The first session explored how digital technologies are reshaping banking operations, customer interactions, and service delivery. Discussions included the impact of mobile banking, internet banking, and fin tech innovations.

2. **Cyber security Challenges:** A critical aspect addressed was the rising importance of cyber security in banking, with insights into the latest threats, preventive measures, and regulatory frameworks.

3. **Financial Inclusion Initiatives**: Speakers elaborated on initiatives aimed at promoting financial inclusion, reaching underserved populations, and leveraging technology to improve access to banking services.

Principal
Govt. Degree Colleg
PADERU-531 024
Visakhapatnam Dist

4. Regulatory Developments: Updates on recent regulatory changes affecting the banking sector, including compliance requirements and their implications on banking operations and strategy.

5. Customer Experience and Engagement: Strategies to enhance customer experience through personalized services, AI-driven insights, and efficient complaint management systems were discussed.

Participant Interaction and Q&A:

Throughout the workshop, participants engaged actively in discussions, sharing experiences, and posing questions to the speakers. The interactive nature of the sessions facilitated a deeper understanding of the topics covered and encouraged networking among participants from various educational backgrounds.

Conclusion:

In conclusion, the workshop on Recent Trends in Banking System at GDC Paderu served as an enriching platform for students, faculty, and banking professionals alike to gain insights into the dynamic landscape of modern banking. The contributions of Dr. V. Appa Rao, NS Krishna, and M. Chandra Mouli were instrumental in making the event a success, fostering learning and dialogue on key issues shaping the future of banking.

The workshop concluded with a note of appreciation to all participants, speakers, and organizers for their contributions towards advancing knowledge and awareness in the field of banking.

This report captures the essence of the discussions and deliberations held during the workshop, highlighting the pivotal role of such academic gatherings in preparing future professionals for the challenges and opportunities in the banking industry.Z As the Principal of GDC Paderu, Dr. V. Appa Rao provided the opening remarks and set the tone for the workshop.

2022—2023

02/01/2023

ONE DAY WORK SHOP

ON

GENDER ISSUES

We the department of Political Science organized the ONE DAY WORK SHOP ON GENDER ISSUES. This one day work shop was organized with the aegis of the UNITED NATIONS, the international organization which works for the attaining peace in the world from 1945.The United Nations , the international organization had the year theme as **'Recovering Better for an Equitable and Sustainable World". This** theme mentions about equality amongst both men and women , but in the current world women are being treated unequal in all walks of their life. Thais why we decided to organize this one day work shop on Gender Issues, which deals with the women issues are

1) women as equal individuals with men
2) women and their social status in the society
3) women education as their fundamental right
4) women should get employment on par with men
5) women should get health facilities
6) women should decide on their own whether they have to give birth to children or not.
7) Women and their labor should be measured in GDP (**Gross Domestic Production**)of concerned nations.

The above mentioned aims and objectives of women and their movement have been identified to discuss and have deliberations on their issues in the Work shop. So we decided to organize the One Day Workshop on GENDEWR ISSUES.

In this workshop we invited all the staff members to have discussions and deliberations on the issue. In this workshop majority staff members participated and had discussions and deliberations. In this workshop many students have participated with the staff members, all the students and staff collectively had discussions and deliberations. In this one day workshop the

following decisions have been taken as:

1. women are equal in all walks of life with men and men also should think on the same lines. And their behavior with women should be in friendly manner.
2. women are born equal with men in this universe, women should have been treated dignified individual by men in every where and place.
3. By birth women have had the fundamental rights and their rights should not be violated at everyplace and every where.
4. Every family should treat their girls as equal with their boys, boys also should treat their girls as equal human beings.
5. governments also create an environment in which men should respect girls and women.
6. women should be provided guarantees which were enshrined in the Constitution.
7. women should be provided education, health facilities, important days(birth, give birth , periods and bodily problems) in their life , they should be given priority and protection.
8. Girls and women are special being on this earth, that is why they must be given priority and importance.

IMPORTANCE AND SIGNIFICANCE OF THE ONE DAY WORKSHOP.

What the decisions were taken in the one day workshop are very essential because these decisions could be sent to the concerned governments of their levels. These decisions could be used at the time of decision making or policy making.

Dr **V Ramesh Babu** HOD of Political Science and resource person delivering the key note address on one day work shop of GENDER ISSUES ON 02-01-2023

REPORT ON WORKSHOP

Date: 04-01-2023

Venue: Room No. 6, Old building, GDC PADERU, A S R Dist.

Introduction

The workshop on "Optics: Uses in Day-to-Day Life" was organized by **Dept. of Physics, GDC PADERU** on **04-01-2023** at **Room No. 6, Old building, GDC PADERU, A S R Dist**. The workshop aimed to explore the practical applications of optics in various aspects of our daily lives, shedding light on its significance and relevance.

Session 1: Opening Remarks

The workshop commenced with an opening address by **Sri. P. Chandra Sekhar, lecturer in physics**, highlighting the importance of optics in modern society. The speaker emphasized how optics, the branch of physics that deals with the behaviour of light, plays a crucial role in technology, medicine, communication, and everyday gadgets.

Session 2: Keynote Address

The keynote address was delivered by **Sri N S Krishna**, a respected lecturer in physics from **GDC Narsipatnam**. **Mr. Krishna** delved into the fundamental principles of optics, explaining concepts such as reflection, refraction, and diffraction with real-life examples. He illustrated how these principles form the basis for the functioning of optical instruments and devices we use regularly.

Session 3: Practical Demonstrations

Following the theoretical session, practical demonstrations were conducted to provide hands-on experience to the participants.

These demonstrations included:

- **Optical Instruments:** Demonstrations of lenses, mirrors, and their applications in telescopes, microscopes, and cameras.
- **Light and Colour**: Experiments showcasing the properties of light, colour mixing, and optical illusions.
- **Fibre Optics:** Practical examples of fibre optic cables and their role in telecommunications and internet technology.

Participants actively engaged in these demonstrations, gaining insights into the underlying principles and applications of optics.

Session 4: Guest Speaker Session

Sri N S Krishna returned for an interactive session where he answered questions from the audience. Participants posed queries ranging from the physics behind holograms to the future of optics in emerging technologies like augmented reality.

Session 5: Closing Remarks

The workshop concluded with closing remarks by **Sri. P. Chandra Sekhar,** expressing gratitude to **Sri N S Krishna** for his enlightening sessions and to all participants for their enthusiastic participation. Attendees were encouraged to continue exploring the fascinating world of optics in their studies and professions.

Est:1985 NAAC " C "Grade phone no: 08935 250013 Email.ID :Paderu.jkc@gmail.com.

Conclusion:

The workshop on "**Optics: Uses in Day-to-Day Life**" proved to be a highly informative and enriching experience for all participants. It provided a comprehensive overview of how optics influences various aspects of our daily lives, from communication to healthcare and beyond. The event successfully achieved its objective of fostering a deeper understanding and appreciation of optics among attendees.

Acknowledgments

We extend our sincere thanks to **Sri N S Krishna** for his invaluable contributions as a guest speaker.

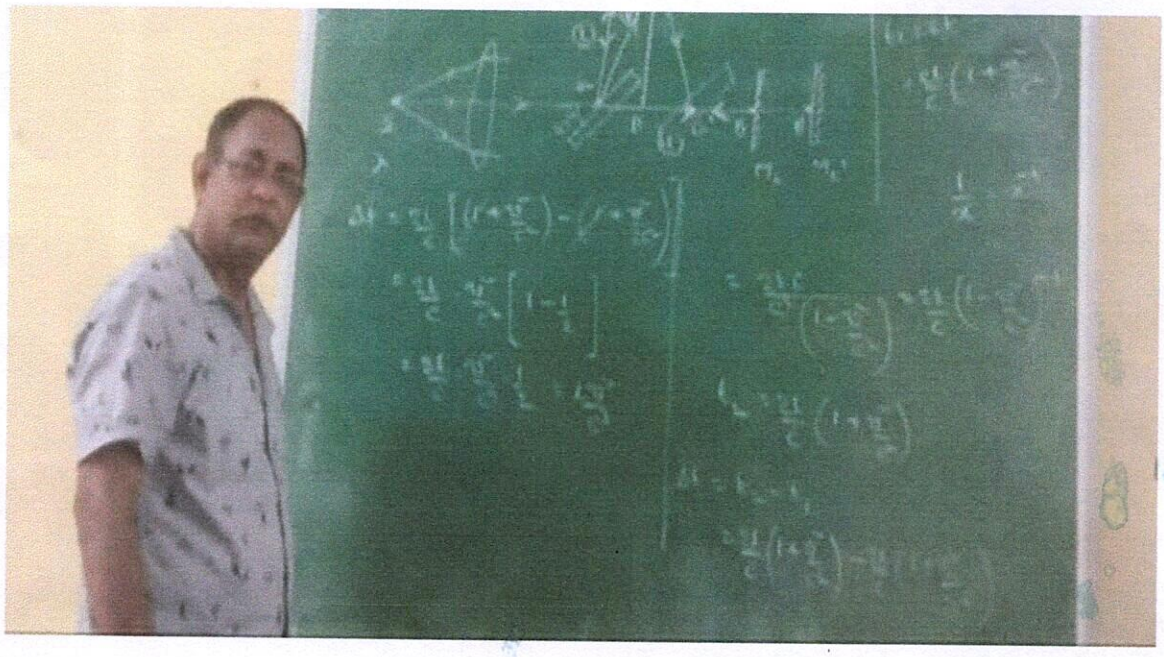

Special thanks to all participants and organizers for making this workshop a success.

This workshop not only broadened the participants' knowledge but also inspired them to explore the practical applications of optics further in their academic and professional pursuits.

DEPARTMENT OF CHEMISTRY

Workshop Report

Resource person:

D.GANESH, Lecturer in Chemistry, Government College for Men (A) Kadapa

Date: 20.12.2022

TIME: 11.00 AM

TOPIC: Work shop on "Good Laboratory Practices"

Total number of students attended: 42

VENUE: Department of Chemistry

Overview

The workshop on "Good Laboratory Practices (GLP)" aimed to educate degree college students on the fundamental principles and importance of adhering to GLP standards in laboratory settings. It provided a foundational understanding of practices essential for ensuring accuracy, reliability, and ethical conduct in scientific experiments and research.

Objectives

1. **Educational Focus:** To introduce students to the concept of GLP and its significance in scientific research.
2. **Skill Development:** To enhance student's practical skills in adhering to GLP guidelines during laboratory experiments.

3. **Awareness:** To raise awareness among students about the ethical considerations and regulatory aspects related to laboratory practices.

Workshop Highlights

Topics Covered

1. **Introduction to GLP**
    - Definition and principles of Good Laboratory Practices
2. **Importance of GLP**
    - Ensuring data integrity and reliability
    - Ethical considerations in scientific research
3. **Key Components of GLP**
    - Documentation and record-keeping practices
    - Equipment handling and maintenance
4. **Safety Measures**
    - Laboratory safety protocols
    - Handling hazardous substances and waste disposal
5. **Hands-on Demonstrations**
    - Practical exercises on following GLP guidelines during experiments
    - Use of laboratory equipment and instruments
6. **Group Discussions**
    - Case studies illustrating the impact of non-compliance with GLP
    - Interactive sessions on resolving ethical dilemmas

Participants

The workshop saw enthusiastic participation of students in various science disciplines such as biology, chemistry, and environmental science who are interested in gaining practical insights into laboratory practices and research ethics.

Outcomes and Conclusion

The workshop successfully achieved its objectives by equipping students with foundational knowledge and practical skills related to GLP. Participants gained a deeper understanding of the importance of adherence to guidelines in ensuring the credibility and reproducibility of experimental results. Hands-on demonstrations and interactive sessions facilitated active learning and engagement among students.

Recommendations

- **Curriculum Integration:** Incorporate elements of GLP into the academic curriculum to reinforce learning and practical application.
- **Continued Learning:** Organize follow-up sessions or seminars on advanced topics related to laboratory practices and research ethics.
- **Career Guidance:** Provide information on career opportunities in industries where GLP compliance is crucial.

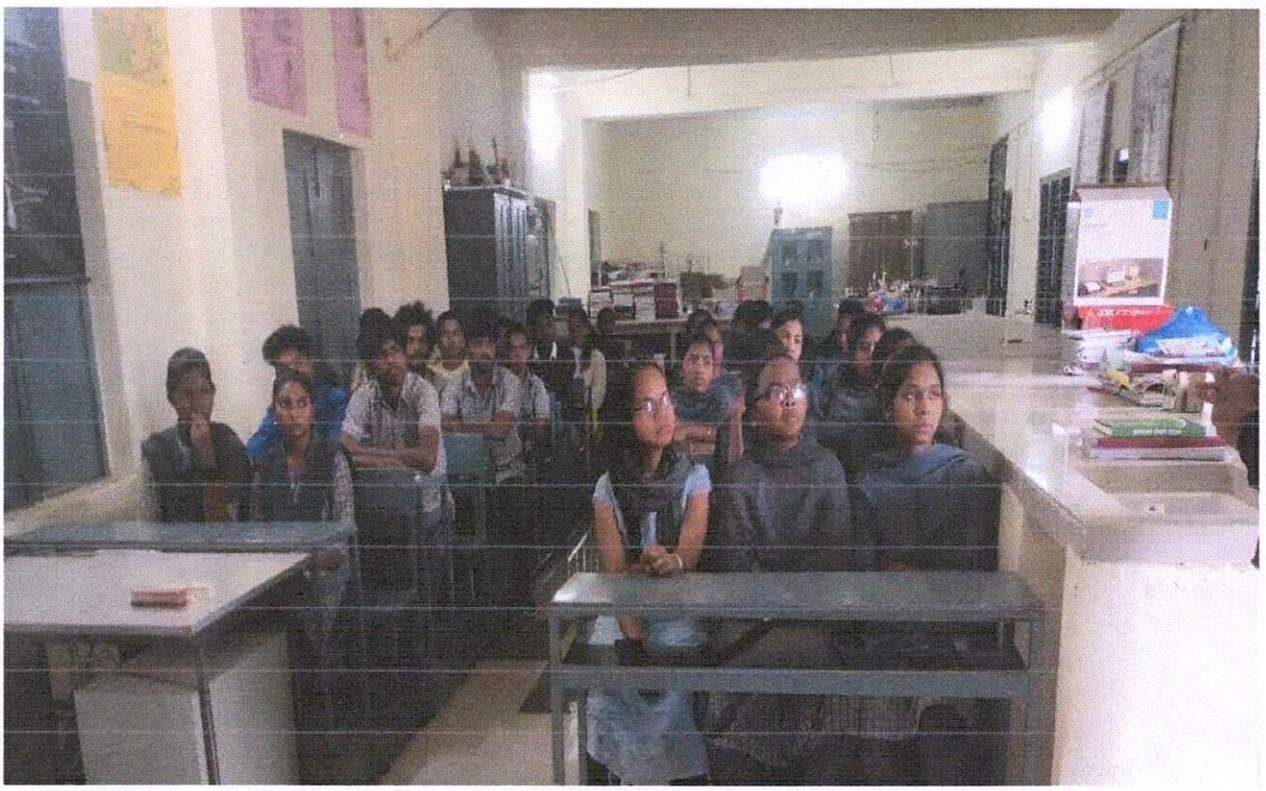

Acknowledgments

We extend our sincere thanks to D.Ganesh, Lecturer in Chemistry for acting as a Resource person and delivering a great talk on Good Laboratory Practices.

In conclusion, the workshop on Good Laboratory Practices provided students with essential knowledge and skills necessary for conducting scientific research responsibly and ethically, laying a strong foundation for their future careers in scientific fields.

REPORT ON WORKSHOP

TOPIC SYNOPSIS

ChemDraw is a powerful software application designed for chemists and researchers to draw chemical structures, reactions, and diagrams. Developed by PerkinElmer, ChemDraw is part of the ChemOffice suite and has become a standard tool in the field of chemistry. Below are detailed notes on ChemDraw:

1. **Chemical Structure Drawing:

ChemDraw provides an intuitive and user-friendly interface for drawing chemical structures. Users can create complex molecular structures, including organic and inorganic compounds.

2. Reaction Drawing:

The software allows users to draw chemical reactions, including mechanisms and reaction pathways. This feature is valuable for documenting experimental procedures and designing synthetic routes.

3. Database Integration:

ChemDraw can connect to chemical databases, enabling users to search and retrieve chemical information directly within the application. This feature streamlines the process of accessing data for specific compounds.

4. Spectroscopy Annotations:

ChemDraw supports the annotation of spectroscopy data, such as NMR and IR spectra. Users can associate experimental data with specific chemical structures, aiding in the analysis and interpretation of results.

5. Biochemical Notations:

In addition to traditional organic and inorganic chemistry, ChemDraw includes tools for drawing biochemically relevant structures. This includes amino acids, peptides, and nucleic acids.

6. 3D Structure Visualization:

While primarily a 2D drawing tool, ChemDraw has some basic capabilities for displaying simple 3D molecular structures. This feature can be useful for visualizing molecular conformations.

7. Database Compatibility:

ChemDraw supports various file formats, making it compatible with other chemical drawing tools. This flexibility allows users to collaborate and share files seamlessly.

8. Templates and Styles:

The software provides templates for common chemical structures and allows users to define and apply consistent styles. This feature ensures that drawn structures are publication-ready and adhere to specific formatting guidelines.

9. Cheminformatics Tools:

ChemDraw includes features for cheminformatics, allowing users to perform tasks such as structure searching, chemical property predictions, and handling chemical data efficiently.

10. Educational Use:

ChemDraw is widely used in educational settings for teaching and learning chemistry. Its user-friendly interface makes it accessible to students and educators at various levels.

11. Professional Applications:

11. Professional Applications:

In research and industry, ChemDraw is employed for creating high-quality chemical illustrations, documenting experimental procedures, and preparing figures for publications.

Overall, ChemDraw is a versatile and essential tool for chemists, providing a range of features that support the creation, analysis, and communication of chemical information. Its popularity stems from its robust capabilities, ease of use, and its role in facilitating effective chemical communication in both academic and industrial settings.

PowerPoint presentation involves structuring content in a visually engaging way to effectively communicate information. Here are some notes on PowerPoint presentations:

1. **Slide Design:

Choose a clean and professional design that complements the content.

Use consistent fonts, colors, and formatting to maintain a cohesive look.

2. **Content Organization:

presentation with a clear structure, including an introduction, main points, and a conclusion.

Divide content into logical sections and use headings to guide the audience.

3. **Slide Layouts:

Utilize various slide layouts for text, images, charts, and bullet points.

Avoid clutter; each slide should focus on a single idea or concept.

4. **Engaging Visuals:

Incorporate relevant images, graphics, and charts to enhance understanding.

Ensure visuals are high-quality and directly support the presentation's message.

5. **Bullet Points and Text:

Limit text on each slide to key points.

Use bullet points for easy readability, but avoid overwhelming the audience with too much information.

6. **Consistent Font Size:

Maintain a readable font size. Titles should be larger, and body text should be easily readable from a distance.

7. **Transitions and Animations:

Use transitions and animations sparingly to enhance the flow of the presentation.

Avoid distracting effects that may overshadow the content.

8. **Data Representation:

Present data using clear charts and graphs.

Provide context and explanations for data points to aid understanding.

9. **Speaker Notes:

Include speaker notes for additional information, reminders, or cues to keep the presenter on track.

Practice delivering the presentation with these notes.

10. **Engage the Audience:

Encourage audience interaction through questions, polls, or discussions.

Use rhetorical questions to stimulate thought and engagement.

13. **Slide Numbering:

Number of slides for easy reference.

Indicate progress through the presentation

14. **Consistent Branding:

If applicable, incorporate consistent branding elements such as logos and color schemes.

15. **Backup Plan:

Have a backup plan in case of technical difficulties. Save your presentation in multiple formats, and consider having a printed copy.

Creating an effective PowerPoint presentation involves a balance of design, content, and engagement. By following these guidelines, can deliver a presentation that is visually appealing, informative, and engaging for your audience.

DEPARTMENT OF CHEMISTRY

Workshop Report

Resource person:

Dr.A.Ramgopal, JKC Coordinator, O/O Commissionerate of Collegiate Education, A.P

Date: 08.09.2021

TIME: 10:30 AM

TOPIC: Work shop on "EXPLORING CHEMISTRY OPPORTUNITIES"

Total number of students attended: 48

VENUE: Department of Chemistry

Executive Summary

The workshop on Chemistry Opportunities was conducted with the aim of enlightening participants about the diverse career paths and educational avenues available within the field of chemistry. Throughout the event, attendees engaged in interactive sessions, heard from industry professionals, and participated in discussions aimed at enhancing their understanding of potential career trajectories in chemistry-related fields.

Workshop Highlights

1. Introduction to Chemistry Opportunities

- The workshop commenced with an overview of the significance of chemistry across various industries, emphasizing its role in sectors such as pharmaceuticals, environmental science, materials science, and beyond.

2. Academic Pathways in Chemistry

- Participants were informed about post graduate programs in chemistry, as well as the importance of choosing specializations aligned with their career goals.

3. Careers in Industry

- Resource person provided insights into diverse roles available in pharmaceuticals, biotechnology, chemicals manufacturing, and other sectors. He highlighted key skills and qualifications necessary for success in these fields.

4. Careers in Research

- The workshop delved into opportunities in academic research, government laboratories, and private research organizations. Participants gained an understanding of funding opportunities and the process of conducting impactful research.

5. Careers in Environmental Chemistry

- Discussions on roles in environmental monitoring, sustainability, and green chemistry initiatives underscored the growing importance of chemistry in addressing global environmental challenges.

Conclusion

The workshop concluded with a recap of key takeaways and resources for further exploration, including recommended reading materials, websites, and opportunities for internships or continuing education in chemistry. Participants expressed satisfaction with the event's organization and content, citing newfound clarity and motivation in pursuing their career aspirations within the field of chemistry.

Recommendations

Based on participant feedback, future workshops could benefit from:

- More interactive sessions and case studies.
- Enhanced focus on emerging trends in chemistry.
- Opportunities for networking among participants and industry professionals.

Overall, the Workshop on Chemistry Opportunities succeeded in equipping participants with valuable insights and resources to navigate and excel in the dynamic landscape of chemistry-related careers. The event fostered a spirit of enthusiasm and exploration, inspiring attendees to pursue their passions and contribute meaningfully to the field of chemistry.

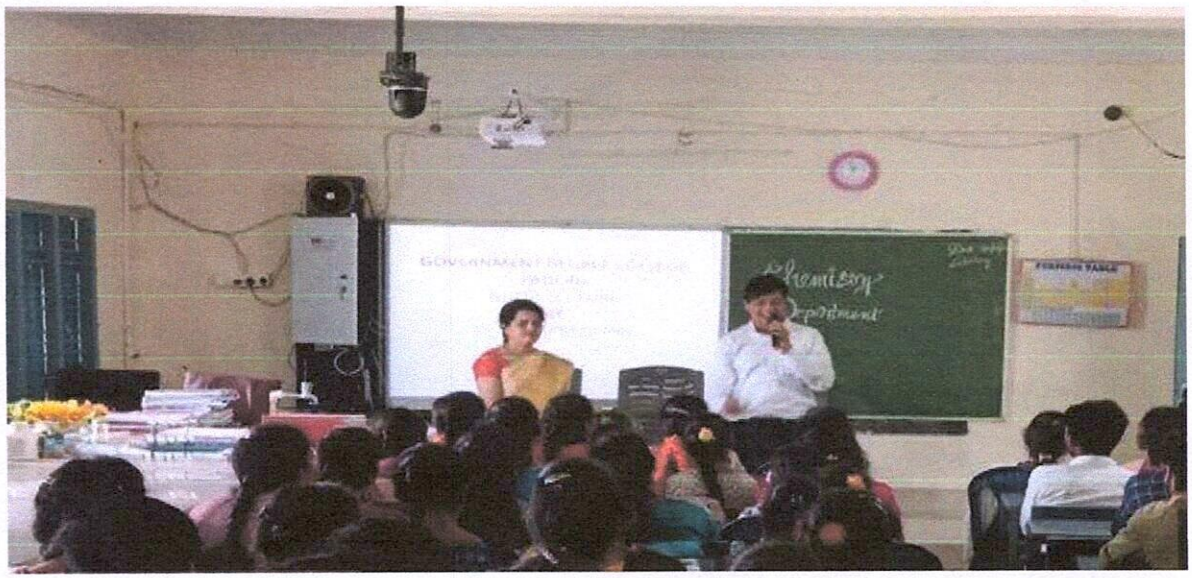

Acknowledgments

We extend our sincere thanks to Dr. A. Ramgopal, JKC Coordinator, O/O Commissionerate of Collegiate Education, A.P. for acting as a Resource person and delivering a talk on "Exploring chemistry opportunities".

A Brief Report on

Workshop on recent trends in banking system

Date and Venue:

The workshop on "Recent Trends in Banking System" was conducted at GDC Paderu on 22nd February 2019. The event took place in the esteemed presence of Dr. V. Appa Rao, Principal of GDC Paderu, who presided over the workshop.

Key Speakers and Participants:

Dr. V. Appa Rao (Presiding Officer): As the Principal of GDC Paderu, Dr. V. Appa Rao provided the opening remarks and set the tone for the workshop.

NS Krishna (Speaker): Mr. NS Krishna delivered insightful speeches on various aspects of the banking system, focusing on recent trends and innovations.

M. Chandra Mouli (Special Invitee): Mr. M. Chandra Mouli, Principal of GDC Araku valley, graced the occasion as a special invitee, adding value with his perspectives on the topic.

Workshop Overview:

The workshop began with an introduction to the significance of understanding recent trends in the banking sector, emphasizing the need for adaptation and evolution in the face of technological advancements and changing consumer expectations. The sessions were designed to cover a wide array of topics crucial to comprehending the contemporary banking landscape.

Session Highlights:

1. **Digital Transformation in Banking**: The first session explored how digital technologies are reshaping banking operations, customer interactions, and service delivery. Discussions included the impact of mobile banking, internet banking, and fin tech innovations.

2. **Cyber security Challenges:** A critical aspect addressed was the rising importance of cyber security in banking, with insights into the latest threats, preventive measures, and regulatory frameworks.

3. **Financial Inclusion Initiatives**: Speakers elaborated on initiatives aimed at promoting financial inclusion, reaching underserved populations, and leveraging technology to improve access to banking services.

Principal
Govt. Degree College
PADERU-531 024
Visakhapatnam Dist

4. Regulatory Developments: Updates on recent regulatory changes affecting the banking sector, including compliance requirements and their implications on banking operations and strategy.

5. Customer Experience and Engagement: Strategies to enhance customer experience through personalized services, AI-driven insights, and efficient complaint management systems were discussed.

Participant Interaction and Q&A:

Throughout the workshop, participants engaged actively in discussions, sharing experiences, and posing questions to the speakers. The interactive nature of the sessions facilitated a deeper understanding of the topics covered and encouraged networking among participants from various educational backgrounds.

Conclusion:

In conclusion, the workshop on Recent Trends in Banking System at GDC Paderu served as an enriching platform for students, faculty, and banking professionals alike to gain insights into the dynamic landscape of modern banking. The contributions of Dr. V. Appa Rao, NS Krishna, and M. Chandra Mouli were instrumental in making the event a success, fostering learning and dialogue on key issues shaping the future of banking.

The workshop concluded with a note of appreciation to all participants, speakers, and organizers for their contributions towards advancing knowledge and awareness in the field of banking.

This report captures the essence of the discussions and deliberations held during the workshop, highlighting the pivotal role of such academic gatherings in preparing future professionals for the challenges and opportunities in the banking industry.Z As the Principal of GDC Paderu, Dr. V. Appa Rao provided the opening remarks and set the tone for the workshop.

On August 8, 2021, the Internal Quality Assurance Cell (IQAC) of Govt. Degree College, Paderu, organized a workshop on "Soft Skills." The event featured C. Madanna, a lecturer in English at the same college, as the resource person. The workshop aimed to enhance the soft skills of the students, preparing them for professional and personal success.

The workshop commenced with an inaugural session where the principal of the college, Dr. S. Ramesh, welcomed the participants and emphasized the importance of soft skills in today's competitive world. He highlighted that, in addition to academic knowledge, soft skills such as communication, teamwork, problem-solving, and time management play a crucial role in shaping a successful career.

C. Madanna began the session by defining soft skills and explaining their relevance in both professional and personal contexts. He pointed out that soft skills are often the differentiating factor in job interviews and career advancement. Through engaging anecdotes and examples, he illustrated how effective communication and interpersonal skills can lead to better workplace relationships and improved job performance.

The workshop was divided into several interactive sessions, each focusing on a different aspect of soft skills. The first session was on communication skills, where Madanna discussed the significance of active listening, clear articulation, and non-verbal cues. Participants engaged in role-playing exercises to practice these skills in real-life scenarios.

In the subsequent session on teamwork and collaboration, Madanna highlighted the importance of working effectively in teams. He conducted group activities that required participants to solve problems collectively, thereby fostering a sense of cooperation and mutual respect.

The session on problem-solving and critical thinking encouraged students to approach challenges analytically and creatively. Madanna provided various problem-solving models and techniques, guiding participants through practical exercises to enhance their critical thinking abilities.

The final session focused on time management and organizational skills. Madanna shared tips and strategies for prioritizing tasks, setting goals, and managing time efficiently. He emphasized the need for self-discipline and planning in achieving both short-term and long-term objectives.

The workshop concluded with a feedback session, where participants expressed their gratitude and shared their learnings. Many students reported feeling more confident in their ability to communicate effectively and work collaboratively. The principal and faculty members appreciated Madanna's insightful and engaging delivery, acknowledging the positive impact of the workshop on the students' skill development.

In summary, the IQAC workshop on soft skills at Govt. Degree College, Paderu, successfully provided students with valuable tools and techniques to enhance their personal and professional lives. C. Madanna's expertise and interactive approach made the event both informative and enjoyable, leaving a lasting impression on all attendees.

TIME: 11.00 AM

TOPIC: Work shop on "AI tools in excel "

Total number of students attended: 50

VENUE: Department of computer science

Overview

The workshop on " **AI tools in excel** " aimed to educate degree college students on the The workshop on AI tools in Excel provides participants with practical insights into leveraging artificial intelligence within Microsoft Excel. It covers functionalities such as data analysis, predictive modeling, and automated insights generation using AI-powered features like Excel's data types, dynamic arrays, and machine learning models integrated via Azure. Participants will learn how to harness these tools to enhance decision-making, automate repetitive tasks, and derive deeper insights from their data directly within the familiar Excel environment. The workshop aims to empower users to utilize AI effectively for improved productivity and analytical capabilities in their daily tasks.

Objectives

- **Automating Tasks**: AI Tools In Excel Can Automate Repetitive Tasks Such As Data Entry, Sorting, And Analysis, Saving Time And Reducing Errors.

- **Enhancing Analysis**: AI-Powered Features Like Predictive Modeling, Pattern Recognition, And Natural Language Processing Help In Deriving Deeper Insights From Data.

- **Improving Decision Making**: By Providing Accurate Forecasts, Trend Analysis, And Data Visualization, AI Tools In Excel Support Better-Informed Decision-Making Processes.

Workshop Highlights

Topics Covered

1. **Introduction to AI in Excel**: Overview of AI tools available in Excel and their applications in data analysis.
2. **Predictive Analytics**: Hands-on sessions on using AI for forecasting and trend analysis within Excel.
3. **Natural Language Processing (NLP)**: Exploring how NLP capabilities in Excel enhance data interaction and querying.
4. **Data Visualization**: Techniques for creating dynamic charts and dashboards using AI-powered insights.

Topics Covered:

- AI tools overview
- Predictive analytics
- Natural Language Processing (NLP)
- Data visualization

Participants

The workshop saw enthusiastic participation of students in various science disciplines such as biology, chemistry, and environmental science who are interested in gaining practical insights into laboratory practices and research ethics.

Outcomes and Conclusion

The workshop successfully achieved its objectives by equipping students AI tools integrated into Excel streamline data analysis, automating tasks like predictive analytics and natural language processing. They enhance visualization with sophisticated charts and dashboards, improving data interpretation. AI capabilities in Excel also ensure data accuracy through automated cleaning and preparation. By integrating external data sources seamlessly, these tools empower users to make informed decisions swiftly. Overall, AI in Excel democratizes advanced analytics, boosting productivity and enabling deeper insights without requiring extensive technical expertise.

Recommendations

- **Curriculum Integration**: Integrate AI tools into educational curricula to familiarize students with advanced data analysis techniques early on. This prepares them for future roles requiring analytical skills and familiarity with AI technologies.

- **Continued Learning**: Encourage ongoing training and up skilling for professionals using Excel. Provide resources and workshops focused on AI tools to keep users updated with the latest features and capabilities, ensuring they maximize the benefits of AI in their analytical tasks.

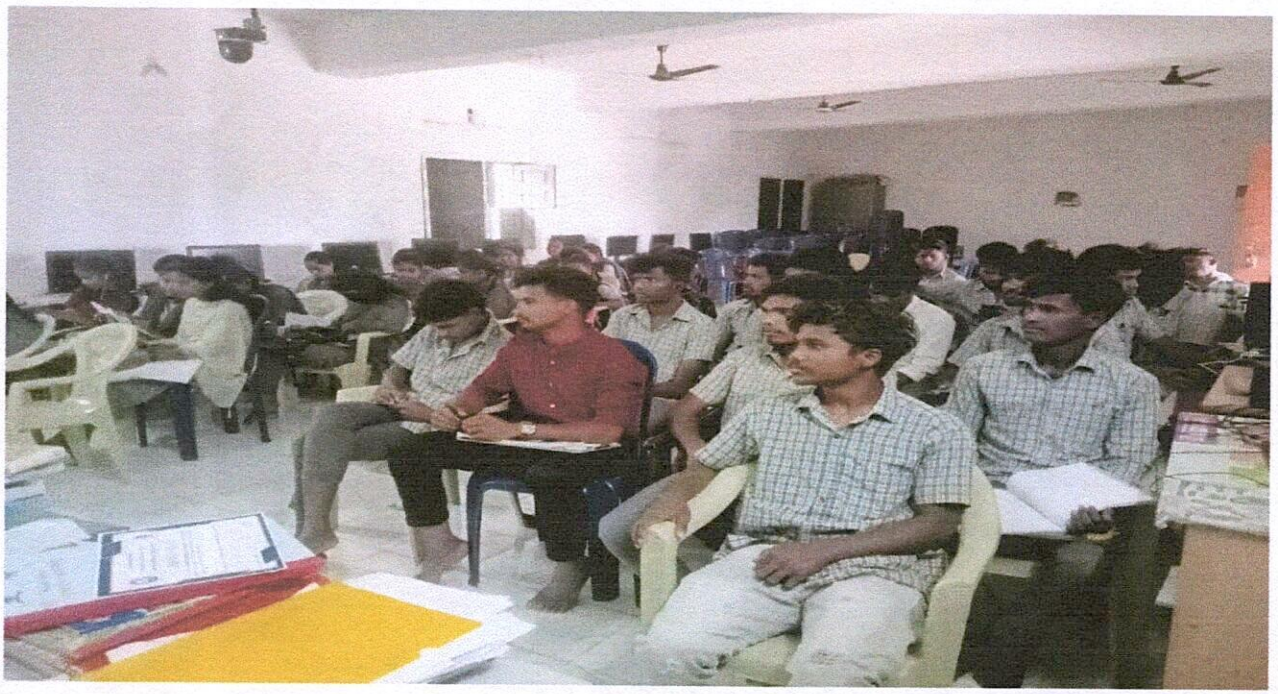

Acknowledgments

We Extend Our Sincere Thanks To Sri. Mohammed Ajmal Pasha Software Trainer For Acting As A Resource Person And Delivering A Great Talk On . Ai Tools In Excel The Integration Of Ai Tools In Excel Enhances Data Processing Capabilities, Fostering More Efficient Workflows And Insightful Analysis. These Tools Enable Users To Leverage Advanced Algorithms For Predictive Modeling And Automated Data Cleansing, Improving Accuracy And Productivity. Embracing Ai In Excel Acknowledges Its Role In Democratizing Complex Analytics, Empowering Users Across Diverse Industries To Make Informed Decisions Based On Robust Data Insights.

Brief report of the work shop

On January 27, 2023, a workshop on communication skills was held, delivered by Mr. P. Koteswara Rao, a distinguished lecturer in English. The workshop aimed to enhance the communication abilities of the participants, providing them with the essential tools and techniques to improve their interpersonal and professional communication.

Objectives of the Workshop

The primary objectives of the workshop were:

1. To understand the fundamentals of effective communication.
2. To improve verbal and non-verbal communication skills.
3. To learn the art of active listening.
4. To develop skills for clear and concise written communication.
5. To enhance public speaking and presentation abilities.

Workshop Highlights

Opening Session

The workshop commenced with a warm welcome and an introduction to Mr. P. Koteswara Rao, who has extensive experience in teaching English and conducting communication skills training. Mr. Rao began the session by emphasizing the importance of communication in both personal and professional contexts.

Fundamentals of Communication

Mr. Rao started with the basics of communication, explaining the process of communication, the various types, and the barriers that can hinder effective communication. He illustrated these concepts with real-life examples, making it easy for participants to relate and understand.

Verbal and Non-Verbal Communication

A significant portion of the workshop was dedicated to verbal and non-verbal communication. Mr. Rao explained how tone, pitch, and pace impact verbal communication. He also discussed the importance of body language, facial expressions, and eye contact in conveying messages effectively. Participants engaged in role-playing exercises to practice and refine these skills.

Active Listening

Mr. Rao highlighted the significance of active listening in effective communication. He introduced techniques to improve listening skills, such as maintaining eye contact, nodding, and summarizing what the speaker has said. Participants practiced these techniques in paired activities, receiving feedback to enhance their listening abilities.

Written Communication

The workshop also covered the essentials of written communication, including clarity, brevity, and coherence. Mr. Rao provided tips on how to write effective emails, reports, and other professional documents. Participants were given exercises to practice writing concise and impactful messages.

Public Speaking and Presentation Skills

The final segment of the workshop focused on public speaking and presentation skills. Mr. Rao provided strategies for overcoming stage fright, organizing content, and engaging the audience. Participants were given the opportunity to present in front of the group, receiving constructive feedback from Mr. Rao and their peers.

Conclusion

The workshop concluded with a Q&A session, where participants asked questions and clarified doubts. Mr. Rao's interactive and practical approach made the workshop highly engaging and informative. Participants left with a deeper understanding of communication skills and practical techniques to apply in their daily lives.

Overall, the workshop was a resounding success, thanks to Mr. P. Koteswara Rao's expertise and the enthusiastic participation of the attendees. The skills and insights gained from this workshop will undoubtedly benefit the participants in their personal and professional interactions.

Resource person Mr P. Koteswara rao sharing his his views with the staff

Introduction

The workshop on Research Methodology aimed to equip participants with essential skills and knowledge required for conducting high-quality research. The workshop, held over three days, attracted scholars, researchers, and students from various academic fields. The primary objective was to demystify the research process and enhance participants' abilities to carry out independent research.

Overview of Sessions

The workshop was divided into multiple sessions, each focusing on a different aspect of research methodology:

1. **Introduction to Research Methodology**: The opening session provided an overview of research methodology, emphasizing its importance in academic and professional research. It covered the basic concepts, types of research (qualitative and quantitative), and the significance of a systematic approach.
2. **Research Design and Planning**: This session focused on formulating research questions and hypotheses. It discussed various research designs, such as experimental, correlational, and case study designs. Participants learned how to choose an appropriate research design based on their research questions and objectives.
3. **Literature Review**: The literature review session highlighted the importance of reviewing existing literature to identify research gaps and build a theoretical framework. Techniques for conducting an effective literature search, using databases, and managing references were also covered.
4. **Data Collection Methods**: Different data collection methods were discussed, including surveys, interviews, observations, and experiments. The session provided insights into designing data collection instruments, sampling techniques, and ensuring reliability and validity in data collection.
5. **Data Analysis**: This session introduced participants to various data analysis techniques, both qualitative and quantitative. Software tools such as SPSS, NVivo, and Excel were demonstrated. Participants were taught how to interpret data and present findings coherently.
6. **Ethical Considerations in Research**: The ethical dimension of research was addressed, focusing on issues like informed consent, confidentiality, and the ethical treatment of subjects. Participants learned about the importance of adhering to ethical guidelines to maintain the integrity of their research.
7. **Writing and Presenting Research**: The final session covered the process of writing a research paper, including structuring the paper, referencing, and avoiding plagiarism. Tips for presenting research findings at conferences and seminars were also shared.

The workshop on Research Methodology was comprehensive and interactive, providing participants with a solid foundation in research practices. Through lectures, hands-on sessions, and discussions, participants gained valuable skills and knowledge to enhance their research capabilities. The feedback from attendees was overwhelmingly positive, with many expressing increased confidence in conducting their research projects.

Brief report of the work shop

On 7th, April, 2022, an insightful workshop on "Techniques of Publishing a Research Paper in CARE Journals" was conducted by Dr. M. Prasad Naidu, a distinguished Lecturer in Physics. The event took place at the university's main auditorium, attracting a large number of enthusiastic researchers, academicians, and students from various disciplines.

Workshop Objectives

The primary objective of the workshop was to equip participants with the essential techniques and best practices for publishing research papers in CARE (Consortium for Academic and Research Ethics) listed journals. Dr. Naidu aimed to demystify the publication process, provide practical tips, and highlight common pitfalls to avoid in the journey of getting research work published.

Key Highlights

1. **Understanding CARE Journals**: Dr. Naidu began the session by introducing CARE journals and explaining their significance. He emphasized the importance of publishing in reputable journals for academic credibility and career advancement.
2. **Manuscript Preparation**: A major part of the workshop focused on the meticulous preparation of a research manuscript. Dr. Naidu detailed the structural components of a research paper, including the title, abstract, introduction, methodology, results, discussion, and conclusion. He provided specific guidelines for each section, stressing clarity, conciseness, and coherence.
3. **Literature Review and Citation**: The importance of a comprehensive literature review was highlighted, with Dr. Naidu advising on how to effectively search for and cite relevant literature. He introduced various citation styles and reference management tools to streamline the process.
4. **Ethical Considerations**: Dr. Naidu discussed the ethical aspects of research and publication, including plagiarism, data fabrication, and authorship disputes. He emphasized the need for transparency and integrity in research.
5. **Journal Selection**: Selecting the right journal for submission is crucial. Dr. Naidu provided criteria for evaluating journals, such as impact factor, scope, and audience. He also explained how to avoid predatory journals and choose legitimate platforms for publication.
6. **Submission and Review Process**: The workshop included a detailed walkthrough of the submission process, from preparing cover letters to responding to reviewers' comments. Dr. Naidu shared personal anecdotes and experiences, offering valuable insights

Brief report of the work shop

A one-day workshop on the assessment and accreditation of NAAC (National Assessment and Accreditation Council) criteria was conducted at Government Degree College, Paderu, under the guidance of Dr. M Sivaiah, Principal of Government Degree College, Nakkapalli, Anakapalli Dist. The workshop aimed to familiarize faculty and administrative staff with the intricacies of NAAC accreditation processes and to enhance their understanding of the criteria involved.

Dr. M Sivaiah, a seasoned academician and an expert in NAAC accreditation, commenced the workshop by providing an overview of NAAC's role in improving the quality of higher education in India. He emphasized the importance of accreditation in fostering accountability, transparency, and continuous improvement in educational institutions.

The workshop was structured around the seven criteria outlined by NAAC, which include:

Curricular Aspects

Teaching-Learning and Evaluation
Research, Innovations, and Extension
Infrastructure and Learning Resources
Student Support and Progression
Governance, Leadership, and Management
Institutional Values and Best Practices

Each criterion was discussed in detail, with Dr. M Sivaiah explaining the specific parameters and benchmarks that institutions need to meet. He provided practical examples and case studies to illustrate how different colleges have successfully met these criteria. The session also included interactive segments where participants could ask questions and engage in discussions.

A significant portion of the workshop was dedicated to the self-study report (SSR) preparation, which is a critical component of the NAAC accreditation process. Dr. M Sivaiah highlighted the common pitfalls and mistakes made during SSR preparation and offered strategies to avoid them. He also discussed the importance of documentation and data management in demonstrating compliance with NAAC standards.

(Dr. M. SIVAIAH)
mob: 765 9002882

The workshop concluded with a feedback session where participants expressed their gratitude for the valuable insights provided by Dr. Sivayya. They acknowledged the workshop's role in clarifying their doubts and enhancing their preparedness for the NAAC accreditation process. The principal's expertise and clear presentation were highly appreciated, and participants left with a better understanding of how to align their institutional practices with NAAC criteria to achieve higher grades in accreditation.

BRIEF REPORT ON CONSUMER RIGHTS DAY

On March 15, 2021, GDC Paderu commemorated World Consumer Rights Day with a well-organized program aimed at raising awareness about consumer rights and responsibilities. The event was held at the college premises and saw the participation of esteemed guests, faculty members, and enthusiastic students.

The program began with the invitation of guests onto the dais, where Ms. K. Anusha lecturer in computer application, welcomed everyone warmly. N.S.KRISHNA, Principal of GDC Paderu, initiated the proceedings with his insightful opening remarks, emphasizing the importance of consumer rights in today's world.

Following this, Mr. P.KOTESWARA RAO, the IQAC Coordinator, delivered a detailed speech highlighting the significance of consumer awareness and the role of education institutions in promoting consumer rights.

A key highlight of the event was the felicitation of the resource person, conducted by the college staff, acknowledging their contribution to consumer advocacy.

Mr. V. Rama Rao Dora, the resource person, expressed his gratitude and shared valuable insights into consumer protection laws and the avenues available for grievance redressal.

The program concluded with a vote of thanks delivered by Mr. V. Sankara Rao, expressing gratitude to all participants, organizers, and attendees for their active involvement in making the event a success.

Throughout the event, there was a palpable sense of enthusiasm and commitment to promoting consumer awareness among the students and faculty alike. The celebration of World Consumer Rights Day at GDC Paderu served as a reminder of the importance of informed consumerism and the empowerment of individuals through knowledge of their rights.
